Mills and Yards at Rice Lake, East Brainerd.

We have constantly on hand a complete stock of Lumber, Lath, Shingles and Building Material. Short Lumber of all grades, and Low Grade of Dimension and boards at very low prices for Cash.

## LYNCHING IS JUSTIFIED

SENATOR TILLMAN SPEAKS ON  
THE RACE QUESTION AT  
MARINETTE, WIS.

MEN NOT CREATED EQUAL

Come What May the White Men of  
the South Will Govern Their Own  
Country—Condemns Booker Wash-  
ington's Scheme of Education, as It  
Will Only Intensify Race Hatred in  
the South.

Marinette, Wis., Aug. 5.—United  
States Senator Benjamin F. Tillman  
of South Carolina addressed a large  
audience on the race question from a  
Southern standpoint.

"In Wisconsin you have 5,000 black  
men," he said. "Why don't you try  
the bleaching process and exterminate  
them by intermarrying? The idea is  
repugnant to you. In South Carolina  
we have 750,000 blacks and 550,000  
whites. The carpetbaggers, the 'nig-  
gers' and the Southern scoundrels  
and scoundrels ruled us after the war  
until they had stolen everything that  
there was in the state, then we went  
with our shotguns to the polls and took  
it away from them. All men are not  
created equal and the 'niggers' are  
not fit to vote. Come what may the  
white people of the South will govern  
their own country."

He condemned Booker Wash-  
ington's scheme of educating the negro  
along industrial lines as an attempt  
to place him on an equality with the  
white artisan, something that would  
only intensify race hatred in the  
South. He said that among the 4-  
900,000 of slaves during the rebellion  
there were more Christians than there  
are today among the 9,000,000 blacks  
in the South.

"I do not want to uphold slavery,"  
he continued. "I thank God there are  
no slaves today under the Stars and  
Stripes."

Mr. Tillman made an eloquent plea  
in justification of lynching, saying  
that Southern women could not be  
brought into court to testify to their  
shame and degradation before a jury  
for the purpose of convicting a beast.  
He closed with an impassioned state-  
ment to the effect that the white peo-  
ple of the South would remain on top  
"in spite of the devil," and, if neces-  
sary, he and his brethren were ready  
to take down their shotguns.

## BECOMING UNFRIENDLY

CHINESE RESUME THEIR OLD  
HABIT OF INSULTING THE  
FOREIGNERS.

### POOR LEGATION DEFENSES

Ministers ignore the Plan for Uni-  
form System Submitted by the Gen-  
erals—Latter Informed That Forti-  
fications Would Provoke Instead of  
Prevent Hostilities—Evacuation of  
Some Troops Slow.

Peking, Aug. 5.—American and Eu-  
ropean residents assert that the de-  
meanor of the Peking populace is con-  
stantly becoming more unfriendly and  
that as the allied troops depart the  
Chinese resume their old habits of  
jostling and cursing foreigners in the  
streets.

The legion defenses are now ap-  
proaching completion. Generally  
speaking, they consist of brick walls  
from 15 to 20 feet high and from 3 to  
4 feet thick, loopholed for rifles.

The ministers of the powers ignored  
the plan for a uniform system of de-  
fenses submitted by the generals, and,  
consequently, the governments are  
working independently. It is the pol-  
icy of the ministers to avoid conspicu-  
ous works of defense lest these should  
prove an irritant, provoking instead of  
preventing hostilities. Most of the  
engineers have recommended stronger  
defenses than the ministers will sanc-  
tion. Major Edgar B. Robertson of  
the Ninth infantry, who commands the  
United States legation guard, has  
written to Mr. Rockhill protesting  
against what he calls "the defenseless  
position of our legation," representing  
that it is exposed to attack on four  
sides. Mr. Rockhill has replied that  
it is not intended to maintain a fort-  
ress, but merely a wall for protection  
against unexpected mob violence. The  
wall is made of brick out of deference  
to Chinese pride.

The French and Italians still re-  
main here. The non-fulfillment of the  
agreement to evacuate public places  
in a fortnight causes some inconven-  
ience to the military authorities. Only  
the German barracks have been com-  
pleted. The French barracks have  
hardly been begun. The troops are  
grumbling over being compelled to  
give up comfortable quarters and to  
find temporary camps.

### CHINA'S NEW TARIFF.

Protocol Proposes It Shall Go Into Op-  
eration Oct. 1.

London, Aug. 5.—The Times pub-  
lishes the following dispatch from Pe-  
king, dated Aug. 2:

"The draft of the protocol proposes  
that the new tariff shall come into  
operation Oct. 1. Russia is displaying  
renewed activity in Manchuria and is  
strengthening her grip on Niu-  
Chwang. It is expected that Li Chen  
Fong, son of Li Hung Chang, will be  
appointed Chinese minister to Russia  
to continue the baneful policy inau-  
gurated by Li Hung Chang. It is re-  
ported that the French intend to build  
a railway from Pao-Ting-Fu to Tien  
Tsin direct, with or without Chinese  
consent."

### CORBIN WELL PLEASED.

Makes an Eleven-Day Tour of the  
Philippine Islands.

Manila, Aug. 5.—The towns of Cala-  
pan, Naujan and Pola, on the north-  
east coast of the island of Mindoro,  
were occupied by a battalion of the  
Thirteenth volunteer infantry and  
Macabebe scouts after a slight resist-  
ance. The insurgents, numbering 250,  
fled into the interior. Their com-  
mander, Howard, who is a deserter, is  
hiding in the mountains and the Amer-  
icans are in pursuit.

Adjutant General Corbin, who has  
returned to Manila after an 11 days'  
tour of the islands, including a visit  
to the sultan of Jolo, with whom he  
exchanged presents, says:

"The trip has considerably broad-  
ened my views, as well as afforded me  
great pleasure personally. What I  
have seen should be of considerable  
benefit to the government. In my  
opinion the changes now being made  
in the Philippines could not be car-  
ried out by able hands than those of  
Governor Taft and General Chaffee.  
Both have had wide experience. Both  
are men of tact and ability. Their du-  
ties are entirely separate and yet in  
many ways co-operative. One could  
not very well go forward without the  
other. I am gratified to observe the  
firm friendship established between  
them, and I am confident that under  
their guidance the Philippines will get  
out of troubled into peaceful waters."

The adjutant general left Manila for  
Shanghai during the afternoon.

### THREE PEOPLE DROWN.

Fatal Bathing Accident Reported From  
Queponio, Md.

Salisbury, Md., Aug. 5.—Three per-

sons, Miss Ethel L. Phillips of Balti-  
more, Miss Jennie White of Whites-  
burg, Md., and G. G. Ratcliffe of Salts-  
bury, were drowned while bathing at  
Queponio, on Sinepuxent bay. The  
three unfortunates became separated  
from the members of the party and  
suddenly found themselves in a deep  
hole. The ladies became frightened,  
and, on finding themselves going  
down, grabbed Ratcliffe, who was a  
good swimmer, and dragged him with  
them. They were drowned before as-  
sistance reached them.

### MILWAUKEE IS INTERESTED.

General Strike Order Likely to Affect  
Mills There.

Milwaukee, Aug. 5.—If President  
Shaffer carries out his published in-  
tention of ordering a general strike it  
will mean the absolute annihilation of  
the Amalgamated Association and a  
second Homestead affair," said Super-  
intendent George L. Reis of the Illi-  
nois Steel company.

Superintendent Reis made this  
statement in answer to a question as  
to what the result would be should  
the president of the Amalgamated As-  
sociation of Iron, Steel and Tin Work-  
ers order a strike in all the mills con-  
trolled by the United States Steel cor-  
poration.

"As to whether or not a strike will  
be ordered in our mills I cannot say,"  
Mr. Reis continued. "The men who  
are employed by the Illinois Steel  
company are working under contract  
and an agreement which has been in  
force 14 years, and I have never  
known the association to violate a  
contract. If the men in our mill are  
ordered out, however, I have no doubt  
they will obey the order."

Four thousand men are employed  
in the Bay View plant of the Illinois  
Steel company. Not a word of strike  
order has been received here, but one  
is expected.

### MORRISON VERY RETICENT.

Will Not Say to What Extent the Fed-  
eration Will Aid Strikers.

Washington, Aug. 5.—Mr. Morrison,  
general secretary of the Federation  
of Labor, would not say specifically to  
what extent the Federation would aid  
the Amalgamated Association. The  
Amalgamated Association, Mr. Morri-  
son said, was an affiliated body with  
the Federation, and as such was en-  
titled to the co-operation and aid of  
the greater body in conducting the  
strike movement to an effective and  
successful issue. Mr. Morrison ex-  
pressed himself as confident of the  
ultimate victory of the steel workers  
and felt certain that the Federation  
of Labor would give them all the aid  
in its power. He was asked specifically  
whether orders would be issued for an  
extension of the strike in affiliated  
branches of labor and, regarding the  
matter of financial assistance to the  
steel strikers, but declined to answer  
the questions.

### Signed the Scale for a Year.

Youngstown, O., Aug. 6.—Reports  
have been circulated to the effect that  
the strike of the Amalgamated Asso-  
ciation would extend to the mills of  
the Republic Iron and Steel company  
here and elsewhere, but they are  
without foundation, as an absolute  
scale agreement has been signed for  
one year.

### DREDGING COMBINE.

Options on All the Properties on the  
Great Lakes Renewed.

Chicago, Aug. 5.—Options on all  
dredging properties on the Great  
Lakes have been renewed to Jan. 1  
for the purpose of combining them in  
the proposed \$10,000,000 trust to con-  
trol the business and prices within  
that territory. Previous options had  
expired Aug. 1 and there was said to  
have been some question of the deal  
being consummated.

James A. Smith of Cleveland is the  
representative of those who are pro-  
moting the combine and it is said that  
he is getting affairs in shape to bring  
all the principal firms on the Great  
Lakes under one head before the  
close of the year.

### FIND RICH ASBESTOS MINE.

Valuable Discovery Made by Two  
Prospectors Near Keystone, S. D.

Keystone, S. D., Aug. 5.—Chet  
Wheelock and Louis Everly of this  
city have made a remarkable discov-  
ery of asbestos near this place in the  
vicinity of the Wealthy gold mine.  
The ledge is over five feet wide and  
blocks of solid asbestos, weighing 500  
pounds, have been taken out at the  
surface.

### INVADERS REPULSED.

Venezuelan Government Announces  
the Colombians Were Driven Back.

Caracas, Venezuela, Aug. 5.—The  
Venezuelan government announces  
that a force of invaders under General  
Rangel Garbira, including 25 bat-  
talions of the Colombian army, was  
repulsed by the government troops  
and compelled to fall back across the  
frontier after 23 hours' fighting July  
28 and July 29. It is officially as-  
serted that the invaders lost 900 men,  
the government troops losing 300. The  
government has sent reinforcements  
to the frontier.

## WILL FIGHT TO A FINISH

ALL NEGOTIATIONS ARE OFF BE-  
TWEEN STEEL WORKERS  
AND THE TRUST.

IS GIVEN FULL AUTHORITY

Entire Management of the Battle Is  
Placed in President Shaffer's Hands.  
Amalgamated Committee Makes a  
Statement—Gives the Proposition  
Offered by Each Side to the Con-  
troversy—Strike Status Unchanged.

Pittsburg, Aug. 5.—"Within a week  
every union man and every union  
man at heart in the employ of the  
United States Steel corporation will  
be asked to join in the strike now  
being waged by the Amalgamated As-  
sociation. We must settle whether  
unionism is to stand or fall.

"There will be no more conferences  
with the United States Steel corpora-  
tion unless the meeting is asked for  
by the officials of that corporation. The  
Amalgamated Association will not  
request a peace meeting."

These and several other significant  
statements were made by President  
Shaffer of the Amalgamated Associa-  
tion of Iron, Steel and Tin Workers  
upon his return from the fruitless  
conference with J. Pierpont Morgan and  
others in New York.

It is now a fight to a finish between  
the great \$1,000,000,000 steel trust  
and organized labor. Mr. Shaffer  
says that he is ready to employ every  
peaceable means within the power of  
man to win a victory. No quarter is  
to be given and none will be request-  
ed. The entire management of the  
battle has been placed in the hands  
of President Shaffer. He has abso-  
lute power to call out every man who  
is connected with the organization and  
he intends to do it. He is satisfied  
with the progress of the fight to date.  
He finds that none of his battle lines  
have been broken. Promise is made  
by Mr. Shaffer that the trust will find  
the Amalgamated Association is  
strong in many of its mills.

The Association's Statement.  
After the conference with the trust  
officials in New York was concluded  
the executive board of the Amalga-  
mated Association gave out the fol-  
lowing statement:

"In the following proposition, which  
the United States Steel corporation  
gave us as its ultimatum, it will be  
observed that the preamble states  
simply that the United States Steel  
corporation officials will advise settle-  
ment by the underlined companies:

"Preamble, conditions under which  
we are willing to advise a settlement  
of the labor difficulties:

"Tin Plate company—Should pro-  
ceed under the contract signed with  
the Amalgamated Association as of  
July 1, 1901.

"American Steel Hoop company—  
Company should sign the scale for all  
the mills owned by the American Steel  
Hoop company that were signed for  
last year.

"American Sheet Steel company—  
Company should sign the scale for all  
the mills of this company that were  
signed for last year except the Old  
Meadow mill and the Saltsburg mills."

"We desire to preface our proposi-  
tion by directing attention to the fact

that it is a modification of that which  
was offered originally. At the last  
conference, as at those preceding it,  
we required the signature of the  
scale for all the mills owned and op-  
erated by the United States Steel cor-  
poration, while in the proposition  
given below we ask that the scales be  
signed for none but those mills which  
are organized and where the men by  
ceasing to work have signified their  
desire to be connected with the Amal-  
gamated Association.

### Modified Their Demands.

"This modification has been made  
because the trust officials declared  
that we wished to force men into the  
organization against their will and de-  
sire. We, therefore, asked that the  
scale be signed for only those men  
who desired it.

"Now comes the proposition of the  
Amalgamated Association:

"We, the members of the execu-  
tive board of the Amalgamated Asso-  
ciation, hereby present the following  
proposition as a reply to that received  
from the United States Steel corpora-  
tion:

"Sheet mills—All mills signed for  
last year, with the exception of Salts-  
burg and Scottsdale, and with the ad-  
dition of McKeesport and Wellsville.

"Hoop mills—All mills now known  
to be organized, namely, Youngstown,  
Girard, Greenville, Pomeroy, Warren,  
Lindsay, McCutcheon, Clarke, Bar  
Mill, Monessen, Mingo, 12-inch, 9-inch  
and hoop mills of the Cleveland Roll-  
ing Mill company.

"Tin mills—All mills except Mon-  
essen.

"Note—All other matters of de-  
tail to be left for settlement by con-  
ference."

### Actual Status of the Strike.

Concerning the actual strike status  
in this city there seems to be little or  
no change. The mills on strike are  
still idle, with no indications of an at-  
tempt by the combine to start any of  
the plants. No fires are being started  
and the only evidence of work about  
any of the plants is that of men mak-  
ing necessary repairs.

A sample of the condition of the  
men is that at the Lindsay-McCutcheon  
mills it was learned that not a man  
among the strikers who wants to work

is idle. They have secured employ-  
ment in the numerous independent  
plants. Those who are idle are en-  
joying a much needed vacation.

From McKeesport this announce-  
ment is made: The Amalgamated As-  
sociation is rapidly gaining strength  
in McKeesport and it is estimated that  
they added at least 200 new members  
to its forces during the day. The busi-  
ness men of McKeesport are greatly  
depressed by the situation and they  
fear if a general order shall be issued  
their business will be nearly ruined,  
as about 15,000 men would be idle.

The report from Wellsville, O., is  
that the strikers are in a very restive  
mood. The arrest of eight of their  
number and the fact that warrants are  
in the possession of the police for  
nine more who are at present in hid-  
ing have put them in anything but an  
amiable frame of mind toward the au-  
thorities and the steel company.

### Became Suddenly Insane.

Moscow, Ida., Aug. 5.—Dr. W. W.  
Watkins was shot and instantly killed  
while riding in his buggy in the streets  
of Moscow; George Creighton, a  
prominent merchant, was shot through  
the arm, and Deputy Sheriff Cool was  
shot in the shoulder and the thigh by  
William Steffen, a resident of Mos-  
cow, who, it is believed, became sud-  
denly insane. Steffen was afterward  
killed.

## LYNCHING IS JUSTIFIED

SENATOR TILLMAN SPEAKS ON  
THE RACE QUESTION AT  
MARINETTE, WIS.

MEN NOT CREATED EQUAL

Come What May the White Men of  
the South Will Govern Their Own  
Country—Condemns Booker Wash-  
ington's Scheme of Education, as It  
Will Only Intensify Race Hatred in  
the South.

Marinette, Wis., Aug. 5.—United  
States Senator Benjamin F. Tillman  
of South Carolina addressed a large  
audience on the race question from a  
Southern standpoint.

"In Wisconsin you have 5,000 black  
men," he said. "Why don't you try  
the bleaching process and exterminate  
them by intermarriage? The idea is  
repugnant to you. In South Carolina  
we have 750,000 blacks and 550,000  
whites. The carpetbaggers, the 'nig-  
ger' and the Southern scoundrels  
ruled us after the war until they  
had stolen everything that there  
was in the state, then we went with  
our shotguns to the polls and took it  
away from them. All men are not  
created equal and the 'niggers' are  
not fit to vote. Come what may the  
white people of the South will govern  
their own country."

He condemned Booker Wash-  
ington's scheme of educating the negro  
along industrial lines as an attempt  
to place him on an equality with the  
white artisan, something that would  
only intensify race hatred in the  
South. He said that among the 4-  
600,000 of slaves during the Rebellion  
there were more Christians than there  
are today among the 9,000,000 blacks  
in the South.

"I do not want to uphold slavery,"  
he continued. "I thank God there are  
no slaves today under the Stars and  
Stripes."

Mr. Tillman made an eloquent plea  
in justification of lynching, saying  
that Southern women could not be  
brought into court to testify to their  
shame and degradation before a jury  
for the purpose of convicting a beast.  
He closed with an impassioned state-  
ment to the effect that the white peo-  
ple of the South would remain on top  
"in spite of the devil," and, if neces-  
sary, he and his brethren were ready  
to take down their shotguns.

## BECOMING UNFRIENDLY

CHINESE RESUME THEIR OLD

THREE PEOPLE DROWN.

Fatal Bathing Accident Reported From  
Queponio, Md.  
Salisbury, Md., Aug. 5.—Three per-

sons, Miss Ethel L. Phillips of Balti-  
more, Miss Jennie White of Whites-  
burg, Md., and G. G. Ratcliffe of Salis-  
bury, were drowned while bathing at  
Queponio, on Sinepuxent bay. The  
three unfortunates became separated  
from the members of the party and  
suddenly found themselves in a deep  
hole. The ladies became frightened,  
and, on finding themselves going  
down, grabbed Ratcliffe, who was a  
good swimmer, and dragged him with  
them. They were drowned before as-  
sistance reached them.

MILWAUKEE IS INTERESTED.

General Strike Order Likely to Affect  
Mills There.

Milwaukee, Aug. 5.—"If President  
Shaffer carries out his published in-  
tention of ordering a general strike it  
will mean the absolute annihilation of  
the Amalgamated Association and a  
second Homestead affair," said Super-  
intendent George L. Reis of the Illi-  
nois Steel company.

Superintendent Reis made this  
statement in answer to a question as  
to what the result would be should  
the president of the Amalgamated As-  
sociation of Iron, Steel and Tin Work-  
ers order a strike in all the mills con-  
trolled by the United States Steel cor-  
poration.

"As to whether or not a strike will  
be ordered in our mills I cannot say,"  
Mr. Reis continued. "The men who  
are employed by the Illinois Steel  
company are working under contract  
and an agreement which has been in  
force 14 years, and I have never  
known the association to violate a  
contract. If the men in our mill are  
ordered out, however, I have no doubt  
they will obey the order."

Four thousand men are employed  
in the Bay View plant of the Illinois  
Steel company. Not a word of strike  
order has been received here, but one  
is expected.

MORRISON VERY RETICENT.

Will Not Say to What Extent the Fed-  
eration Will Aid Strikers.

Washington, Aug. 5.—Mr. Morrison,  
general secretary of the Federation of  
Labor, would not say specifically to  
what extent the Federation would aid  
the Amalgamated Association. The  
Amalgamated Association, Mr. Morri-  
son said, was an affiliated body with  
the Federation, and as such was en-  
titled to the co-operation and aid of  
the greater body in conducting the  
strike movement to an effective and  
successful issue. Mr. Morrison ex-  
pressed himself as confident of the  
ultimate victory of the steel workers  
and felt certain that the Federation  
of Labor would give them all the aid  
in its power. He was asked specifically  
whether orders would be issued for an  
extension of the strike in affiliated  
branches of labor and, regarding the  
matter of financial assistance to the  
steel strikers, but declined to answer  
the questions.

Signed the Scale for a Year.

Youngstown, O., Aug. 6.—Reports  
have been circulated to the effect that  
the strike of the Amalgamated Asso-  
ciation would extend to the mills of  
the Republic Iron and Steel company  
here and elsewhere, but they are  
without foundation, as an absolute  
scale agreement has been signed for  
one year.

DREDGING COMBINE.

Options on All the Properties on the  
Great Lakes Renewed.

Chicago, Aug. 5.—Options on all  
dredging properties on the Great  
Lakes have been renewed to Jan. 1  
for the purpose of combining them in  
the proposed \$10,000,000 trust to con-  
trol the business and prices within  
that territory. Previous options had  
expired Aug. 1 and there was said to  
have been some question of the deal  
being consummated.

James A. Smith of Cleveland is the  
representative of those who are pro-  
moting the combine and it is said that  
he is getting affairs in shape to bring  
all the principal firms on the Great  
Lakes under one head before the  
close of the year.

FIND RICH ASBESTOS MINE.

Prospectors Near Keystone, S. D.

Keystone, S. D., Aug. 5.—Chet  
Wheelock and Louis Evers of this  
city have made a remarkable discov-  
ery of asbestos near this place in the  
vicinity of the Wealthy gold mine.  
The ledge is over five feet wide and  
blocks of solid asbestos, weighing 500  
pounds, have been taken out at the  
surface.

INVADERS REPULSED.

Venezuelan Government Announces  
the Colombians Were Driven Back.

Caracas, Venezuela, Aug. 5.—The  
Venezuelan government announces  
that a force of invaders under General  
Rangel Garbira, including 25 bat-  
talions of the Colombian army, was  
repulsed by the government troops  
and compelled to fall back across the  
frontier after 28 hours' fighting July  
28 and July 29. It is officially as-  
serted that the invaders lost 900 men,  
the government troops losing 300. The  
government has sent reinforcements  
to the frontier.

IS GIVEN FULL AUTHORITY

Entire Management of the Battle Is  
Placed in President Shaffer's Hands.  
Amalgamated Committee Makes a  
Statement—Gives the Proposition  
Offered by Each Side to the Contro-  
versy—Strike Status Unchanged.

Pittsburg, Aug. 5.—"Within a week  
every union man and every union  
man at heart in the employ of the  
United States Steel corporation will  
be asked to join in the strike now  
being waged by the Amalgamated As-  
sociation. We must settle whether  
unionism is to stand or fall."

"There will be no more conferences  
with the United States Steel corpora-  
tion unless the meeting is asked for  
by the officials of that corporation.  
The Amalgamated Association will  
not request a peace meeting."

These and several other significant  
statements were made by President  
Shaffer of the Amalgamated Associa-  
tion of Iron, Steel and Tin Workers  
upon his return from the fruitless  
conference with J. Pierpont Morgan and  
others in New York.

It is now a fight to a finish between  
the great \$1,000,000,000 steel trust  
and organized labor. Mr. Shaffer  
says that he is ready to employ every  
peaceable means within the power of  
man to win a victory. No quarter is  
to be given and none will be request-  
ed. The entire management of the  
battle has been placed in the hands  
of President Shaffer. He has abso-  
lute power to call out every man who  
is connected with the organization and  
he intends to do it. He is satisfied  
with the progress of the fight to date.  
He finds that none of his battle lines  
have been broken. Promise is made  
by Mr. Shaffer that the trust will find  
the Amalgamated Association is  
strong in many of its mills.

The Association's Statement.

After the conference with the trust  
officials in New York was concluded  
the executive board of the Amalgam-  
ated Association gave out the fol-  
lowing statement:

"In the following proposition, which  
the United States Steel corporation  
gave us as its ultimatum, it will be  
observed that the preamble states  
simply that the United States Steel  
corporation officials will advise settle-  
ment by the underlined companies:

"Preamble, conditions under which  
we are willing to advise a settlement  
of the labor difficulties:

"Tin Plate company—Should pro-  
ceed under the contract signed with  
the Amalgamated Association as of  
July 1, 1901.

"American Steel Hoop company—  
Company should sign the scale for all  
the mills owned by the American Steel  
Hoop company that were signed for  
last year.

"American Sheet Steel company—  
Company should sign the scale for all  
the mills of this company that were  
signed for last year except the Old  
Meadow mill and the Saltsburg mills."  
We desire to preface our proposi-  
tion by directing attention to the fact

that it is a modification of that which  
was offered originally. At the last  
conference, as at those preceding it,  
we required the signature of the  
scales for all the mills owned and op-  
erated by the United States Steel cor-  
poration, while in the proposition  
given below we ask that the scales be  
signed for none but those mills which  
are organized and where the men by  
ceasing to work have signified their  
desire to be connected with the Amal-  
gamated Association.

Modified Their Demands.

"This modification has been made  
because the trust officials declared  
that we wished to force men into the  
organization against their will and de-  
sire. We, therefore, asked that the  
scale be signed for only those men  
who desired it.

"Now comes the proposition of the  
Amalgamated Association:

"We, the members of the execu-  
tive board of the Amalgamated Asso-  
ciation, hereby present the following  
proposition as a reply to that received  
from the United States Steel corpora-  
tion:

"Sheet mills—All mills signed for  
last year, with the exception of Salts-  
burg and Scottsdale, and with the ad-  
dition of McKeesport and Wellsville.

"Hoop mills—All mills now known  
to be organized, namely, Youngstown,  
Girard, Greenville, Pomeroy, Warren,  
Lindsay, McCutcheon, Clarke, Bar  
Mill, Monessen, Mingo, 12-inch, 9-inch  
and hoop mills of the Cleveland Roll-  
ing Mill company.

"Tin mills—All mills except Mon-  
essen.

"Note—All other matters of de-  
tail to be left for settlement by con-  
ference."

Actual Status of the Strike.

Concerning the actual strike status  
in this city there seems to be little or  
no change. The mills on strike are  
still idle, with no indications of an at-  
tempt by the combine to start any of  
the plants. No fires are being started  
and the only evidence of work about  
any of the plants is that of men mak-  
ing necessary repairs.

A sample of the condition of the  
men is that at the Lindsay-McCutcheon  
mills it was learned that not a man  
among the strikers was ready to work.

is idle. They have secured employ-  
ment in the numerous independent  
plants. Those who are idle are en-  
joying a much needed vacation.

From McKeesport this announce-  
ment is made: The Amalgamated As-  
sociation is rapidly gaining strength  
in McKeesport and it is estimated that  
they added at least 200 new members  
to its forces during the day. The busi-  
ness men of McKeesport are greatly  
depressed by the situation and they  
fear if a general order shall be issued  
their business will be nearly ruined,  
as about 15,000 men would be idle.

The report from Wellsville, O., is  
that the strikers are in a very restive  
mood. The arrest of eight of their  
number and the fact that warrants are  
in the possession of the police for  
nine more who are at present in hid-  
ing have put them in anything but an  
amiable frame of mind toward the au-  
thorities and the steel company.

Became Suddenly Insane.

Moscow, Ida., Aug. 5.—Dr. W. W.  
Watkins was shot and instantly killed  
while riding in his buggy in the streets  
of Moscow; George Creighton, a  
prominent merchant, was shot through  
the arm, and Deputy Sheriff Cool was  
shot in the shoulder and the thigh by  
William Steffen, a resident of Mos-  
cow, who, it is believed, became sud-  
denly insane. Steffen was afterward  
killed.

## LYNCHING IS JUSTIFIED

SENATOR TILLMAN SPEAKS ON  
THE RACE QUESTION AT  
MARINETTE, WIS.

## MEN NOT CREATED EQUAL

Came What May the White Men of  
the South Will Govern Their Own  
Country—Condemns Booker Wash-  
ington's Scheme of Education, as It  
Will Only Intensify Race Hatred in  
the South.

Marinette, Wis., Aug. 5.—United  
States Senator Benjamin F. Tillman  
of South Carolina addressed a large  
audience on the race question from a  
Southern standpoint.

"In Wisconsin you have 5,000 black  
men," he said. "Why don't you try  
the bleaching process and exterminate  
them by intermarrying? The idea is  
repugnant to you. In South Carolina  
we have 750,000 blacks and 550,000  
whites. The carpetbaggers, the 'nig-  
ger' and the Southern scoundrels  
ruled us after the war until they  
shame and degradation before a jury  
for the purpose of convicting a beast.  
He closed with an impassioned state-  
ment to the effect that the white peo-  
ple of the South would remain on top  
"in spite of the devil," and, if neces-  
sary, he and his brethren were ready  
to take down their shotguns.

"I do not want to uphold slavery,"  
he continued. "I thank God there are  
no slaves today under the Stars and  
Stripes."

Mr. Tillman made an eloquent plea  
in justification of lynching, saying  
that Southern women could not be  
brought into court to testify to their  
shame and degradation before a jury  
for the purpose of convicting a beast.  
He closed with an impassioned state-  
ment to the effect that the white peo-  
ple of the South would remain on top  
"in spite of the devil," and, if neces-  
sary, he and his brethren were ready  
to take down their shotguns.

## BECOMING UNFRIENDLY

CHINESE RESUME THEIR OLD  
HABIT OF INSULTING THE  
FOREIGNERS.

## POOR LEGATION DEFENSES

Ministers Ignore the Plan for Uni-  
form System Submitted by the Gen-  
erals—Latter Informed That Forti-  
fications Would Provoke Instead of  
Prevent Hostilities—Evacuation of  
Some Troops Slow.

Peking, Aug. 5.—American and Eu-  
ropean residents assert that the de-  
meanor of the Peking populace is con-  
stantly becoming more unfriendly and  
that as the allied troops depart the  
Chinese resume their old habits of  
jostling and cursing foreigners in the  
streets.

The legation defenses are now ap-  
proaching completion. Generally  
speaking, they consist of brick walls  
from 15 to 20 feet high and from 3 to  
4 feet thick, loopholed for rifles.

The ministers of the powers ignored  
the plan for a uniform system of de-  
fense submitted by the generals, and,  
consequently, the governments are  
working independently. It is the pol-  
icy of the ministers to avoid conspicu-  
ous works of defense lest these should  
prove an irritant, provoking instead of  
preventing hostilities. Most of the  
engineers have recommended stronger  
defenses than the ministers will sanc-  
tion. Major Edgar B. Robertson of  
the Ninth infantry, who commands the  
United States legation guard, has  
written to Mr. Rockhill protesting  
against what he calls "the defenseless  
position of our legation," representing  
that it is exposed to attack on four  
sides. Mr. Rockhill has replied that  
it is not intended to maintain a fort-  
ress, but merely a wall for protection  
against unexpected mob violence. The  
wall is made of brick out of deference  
to Chinese pride.

The French and Italians still re-  
main here. The non-fulfillment of  
the agreement to evacuate public places  
in a fortnight causes some inconven-  
ience to the military authorities. Only  
the German barracks have been com-  
pleted. The French barracks have  
hardly been begun. The troops are  
grumbling over being compelled to  
give up comfortable quarters and to  
find temporary camps.

## CHINA'S NEW TARIFF.

Protocol Proposes It Shall Go Into Op-  
eration Oct. 1.

London, Aug. 5.—The Times pub-  
lishes the following dispatch from Pe-  
king, dated Aug. 2:

"The draft of the protocol proposes  
that the new tariff shall come into  
operation Oct. 1. Russia is displaying  
renewed activity in Manchuria and is  
strengthening her grip on Niu-  
Chwang. It is expected that Li Chen  
Fong, son of Li Hung Chang, will be  
appointed Chinese minister to Russia  
to continue the baneful policy in-  
augurated by Li Hung Chang. It is  
reported that the French intend to build  
a railway from Pao-Ting-Fu to Tien  
Tsin direct, with or without Chinese  
consent."

## CORBIN WELL PLEASED.

Makes an Eleven-Day Tour of the  
Philippine Islands.

Manila, Aug. 5.—The towns of Cal-  
apan, Naujan and Pola, on the north-  
east coast of the island of Mindoro,  
were occupied by a battalion of the  
Thirteenth volunteer infantry and  
Macabebe scouts after a slight resist-  
ance. The insurgents, numbering 250,  
fled into the interior. Their com-  
mander, Howard, who is a deserter, is  
hiding in the mountains and the Amer-  
icans are in pursuit.

Adjutant General Corbin, who has  
returned to Manila after an 11 days'  
tour of the islands, including a visit  
to the sultan of Jolo, with whom he  
exchanged presents, says:

"The trip has considerably broad-  
ened my views, as well as afforded me  
great pleasure personally. What I  
have seen should be of considerable  
benefit to the government. In my  
opinion the changes now being made  
in the Philippines could not be car-  
ried out by able hands than those of  
Governor Taft and General Chaffee.  
Both have had wide experience. Both  
are men of tact and ability. Their  
duties are entirely separate and yet in  
many ways co-operative. One could  
not very well go forward without the  
other. I am gratified to observe the  
firm friendship established between  
them, and I am confident that under  
their guidance the Philippines will get  
out of troubled into peaceful waters."

The adjutant general left Manila for  
Shanghai during the afternoon.

## THREE PEOPLE DROWN.

Fatal Bathing Accident Reported From  
Queponio, Md.  
Salisbury, Md., Aug. 5.—Three per-

sons, Miss Ethel L. Phillips of Balti-  
more, Miss Jennie White of Whites-  
burg, Md., and G. G. Ratcliffe of Salis-  
bury, were drowned while bathing at  
Queponio, on Sinepuxent bay. The  
three unfortunates became separated  
from other members of the party and  
suddenly found themselves in a deep  
hole. The ladies became frightened,  
and, on finding themselves going  
down, grabbed Ratcliffe, who was a  
good swimmer, and dragged him with  
them. They were drowned before as-  
sistance reached them.

## MILWAUKEE IS INTERESTED.

General Strike Order Likely to Affect  
Mills There.

Milwaukee, Aug. 5.—"If President  
Shaffer carries out his published in-  
tention of ordering a general strike it  
will mean the absolute annihilation of  
the Amalgamated Association and a  
second Homestead affair," said Super-  
intendent George L. Reis of the Illi-  
nois Steel company.

Superintendent Reis made this  
statement in answer to a question as  
to what the result would be should  
the president of the Amalgamated As-  
sociation of Iron, Steel and Tin Work-  
ers order a strike in all the mills con-  
trolled by the United States Steel cor-  
poration.

"As to whether or not a strike will  
be ordered in our mills I cannot say,"  
Mr. Reis continued. "The men who  
are employed by the Illinois Steel  
company are working under contract  
and an agreement which has been in  
force 14 years, and I have never  
known the association to violate a  
contract. If the men in our mill are  
ordered out, however, I have no doubt  
they will obey the order."

Four thousand men are employed  
in the Bay View plant of the Illinois  
Steel company. Not a word of strike  
order has been received here, but one  
is expected.

## MORRISON VERY RETICENT.

Will Not Say to What Extent the Fed-  
eration Will Aid Strikers.

Washington, Aug. 5.—Mr. Morrison,  
general secretary of the Federation of  
Labor, would not say specifically to  
what extent the Federation would aid  
the Amalgamated Association. Mr. Mor-  
rison said, and as such was enti-  
tled to the co-operation and aid of  
the greater body in conducting the  
strike movement to an effective and  
successful issue. Mr. Morrison ex-  
pressed himself as confident of the  
ultimate victory of the steel workers  
and felt certain that the Federation  
of Labor would give them all the aid  
in its power. He was asked specifically  
whether orders would be issued for an  
extension of the strike in affiliated  
branches of labor and, regarding the  
matter of financial assistance to the  
steel strikers, but declined to answer  
the questions.

## Signed the Scale for a Year.

Youngstown, O., Aug. 6.—Reports  
have been circulated to the effect that  
the strike of the Amalgamated As-  
sociation would extend to the mills of  
the Republic Iron and Steel company  
here and elsewhere, but they are  
without foundation, as an absolute  
scale agreement has been signed for  
one year.

## DREDGING COMBINE.

Options on All the Properties on the  
Great Lakes Renewed.

Chicago, Aug. 5.—Options on all  
dredging properties on the Great  
Lakes have been renewed to Jan. 1  
for the purpose of combining them in  
the proposed \$10,000,000 trust to con-  
trol the business and prices within  
that territory. Previous options had  
expired Aug. 1 and there was said to  
have been some question of the deal  
being consummated.

James A. Smith of Cleveland is the  
representative of those who are pro-  
moting the combine and it is said that  
he is getting affairs in shape to bring  
all the principal firms on the Great  
Lakes under one head before the  
close of the year.

the mills of this company that were  
signed for last year except the Old  
Meadow mill and the Saltsburg mills."

"We desire to preface our proposi-  
tion by directing attention to the fact

that it is a modification of that which  
was offered originally. At the last  
conference, as at those preceding it,  
we required the signature of the  
scale for all the mills owned and op-  
erated by the United States Steel cor-  
poration, while in the proposition  
given below we ask that the scale be  
signed for none but those mills which  
are organized and where the men by  
ceasing to work have signified their  
desire to be connected with the Amal-  
gamated Association.

Modified Their Demands.  
"This modification has been made  
because the trust officials declared  
that we wished to force men into the  
organization against their will and de-  
sire. We, therefore, asked that the  
scale be signed for only those men  
who desired it.

"Now comes the proposition of the  
Amalgamated Association:  
"We, the members of the execu-  
tive board of the Amalgamated As-  
sociation, hereby present the following  
proposition as a reply to that received  
from the United States Steel corpora-  
tion:

"Sheet mills—All mills signed for  
last year, with the exception of Salts-  
burg and Scottdale, and with the ad-  
dition of McKeesport and Wellsville.

"Hoop mills—All mills now known  
to be organized, namely, Youngstown,  
Gilard, Greenville, Pomeroy, Warren,  
Lindsay, McCutcheon, Clarke, Bar  
Mill, Monessen, Mingo, 12-inch, 9-inch  
and hoop mills of the Cleveland Roll-  
ing Mill company.

"Tin mills—All mills except Mon-  
essen.

"Note—All other matters of de-  
tail to be left for settlement by con-  
ference."

## Actual Status of the Strike.

Concerning the actual strike status  
in this city there seems to be little or  
no change. The mills on strike are  
still idle, with no indications of an at-  
tempt by the combine to start any of  
the plants. No fires are being started  
and the only evidence of work about  
any of the plants is that of men mak-  
ing necessary repairs.

A sample of the condition of the  
men is that at the Lindsay-McCutcheon  
mills it was learned that not a man  
among the strikers who wants to work  
is idle. They have secured employ-  
ment in the numerous independent  
plants. Those who are idle are en-  
joying a much needed vacation.

From McKeesport this announce-  
ment is made: The Amalgamated As-  
sociation is rapidly gaining strength  
in McKeesport and it is estimated that  
they added at least 200 new members  
to its forces during the day. The busi-  
ness men of McKeesport are greatly  
depressed by the situation and they  
fear if a general order shall be issued  
their business will be nearly ruined,  
as about 15,000 men would be idle.

The report from Wellsville, O., is  
that the strikers are in a very restive  
mood. The arrest of eight of their  
number and the fact that warrants are  
in the possession of the police for  
nine more who are at present in hid-  
ing have put them in anything but an  
amiable frame of mind toward the au-  
thorities and the steel company.

## Became Suddenly Insane.

Moscow, Ida., Aug. 5.—Dr. W. W.  
Watkins was shot and instantly killed  
while riding in his buggy in the streets  
of Moscow; George Creighton, a  
prominent merchant, was shot through  
the arm, and Deputy Sheriff Cool was  
shot in the shoulder and the thigh by  
William Steffen, a resident of Mos-  
cow, who, it is believed, became sud-  
denly insane. Steffen was afterward  
killed.

# THE DAILY DISPATCH.

BY INGERSOLL & WIELAND.  
E. C. GRIFFITH, City Editor.  
Entered at the post-office at Brainerd, Minn., as second class matter.  
SUBSCRIPTION RATES.  
One Week.....Ten Cents  
One Month.....Forty Cents  
One Year.....Four Dollars

MONDAY, AUGUST 5, 1901.  
Weather.  
Fair tonight and Tuesday. Warmer in northwest portion.

MAYOR DOC. AMES is causing the newspapers of Minneapolis more anxiety than all their money.

THE efforts of THE DISPATCH have borne fruit—the weeds have been harvested on Front street. Now let the good work spread to some of the adjacent lots and streets.

IN nearly all the eastern states new potatoes are bringing three times the price this year that they did last. Never before in the history of the eastern markets have the produce men offered the present prices for vegetables.

THOSE hunters who value their dogs and guns should remember that the season is not yet "open" on birds. The temptation is great but the penalty is severe, and we are informed that there is to be no favorites. Every violator of the game law should be prosecuted.

JOHN LIND threatens to be a candidate for governor if Gov. Van Sant is renominated for the position by the republicans. Every time John thinks of the present governor of Minnesota it has the same effect on him that a red rag has on a bull. But Mr. Lind need not worry, he has warmed the chair in the governor's office for the last time.

THE Sauk Center Avalanche gives its readers some timely advice regarding patronizing home industries and home institutions and it is a subject that should be discussed in every locality, and there is no place in the state where a reform in that line is needed more than in our own city. Some people have an idea that if they buy a suit of clothes, a consignment of groceries, a new buggy or anything they may need in the cities they are getting better values than they would at home even though the price paid is the same, while in many instances the grade of the article is inferior to that which you would get of your home merchant or tradesman. It pays to support home institutions.

## Foul Murder.

A terrible tragedy was enacted Friday evening near Elk River, and if a blood hound from the state reformatory at St. Cloud is successful in tracking a man who may be a murderer the quite county of Sherburne may have a hanging when the courts have determined the facts.

Gus. Moritz, a steady and industrious farmer 35 years old living some five miles southeast of Elk River, is the victim and a pretty accurate description has been obtained of the man who did the shooting. If he is caught the indignant citizens may not wait for the decision of the courts but may take the law into their own hands, so unprovoked was the crime.—St. Cloud Journal Press.

## Mayor's Office Must Pay.

Dan Gunn, mayor of Grand Rapids, has opened a farm and bought a train load of cattle to start in the stock business.—Crookston Journal.

## The Excursion to Merrifield.

Have you gotten your ticket for the excursion on Thursday to Merrifield, which will leave the depot at 9 a. m., returning leave Merrifield at 5:15 p. m. Only a limited number of tickets will be sold and they are being taken up like hot cakes.

Bunch of keys lost. Liberal reward if left at this office.

## How To Save Rent.

Houses for sale—small cash payment. Your rent money for balance.  
P. B. NETTLETON,  
Palace hotel.

## Bids Wanted.

Sealed bids will be received by the undersigned until 12 o'clock noon Saturday, Aug. 10th, to paint school house in District No. 28, inside to be given two coats, outside one coat. Also to build brick foundation under the same. Address  
J. J. STEARNS, Clerk  
Brainerd, Minn.

New line of trunks at D. M. Clark & Co.

## LOCAL NEWS NOTES.

Prof. Hanft returned from Minneapolis this noon.

J. M. Elder went to St. Paul last evening on business.

There will be a meeting of the city council this evening.

Mayor Halsted returned from the lake this morning for a few hours.

J. M. Heffner went to St. Paul Saturday night, returning this morning.

Mr. and Mrs. E. S. Houghton left on the early train this morning for Minneapolis.

Rev. F. E. Higgins, of Bemidji, was a guest in the city this noon between trains.

Mr. and Mrs. M. W. Downey went to Duluth yesterday, where they will visit for a short time.

In the absence of County Treasurer Frater A. G. Trommald will have charge of the office.

The work of repainting and repairing the interior of the court house has been commenced.

J. A. Jardine, of Fargo, returned to his home this afternoon after a visit in the city with Guy Bean.

Rev. B. Simon was at Stoney Brook and White Fish Lake yesterday where he conducted services.

Manager Paul Haight, of the International Correspondence Schools, returned from Duluth Sunday morning.

J. H. Boyce, who has been in the city representing the Minneapolis Journal left this noon for Minneapolis.

Attorney C. H. Bailey, of Bemidji, was a guest in the city this morning. He was enroute to Minneapolis on legal business.

Secretary Wilhelm gave a very fine address yesterday morning at the German Evangelical church in East Brainerd.

Will Koop has returned from Buffalo, where he took in the Pan-American exposition and is at work again in the First National bank.

Frank Rathburn, of Aberdeen, S. D., passed through the city today enroute to Bemidji where he will visit for some time.

Mr. and Mrs. John Clemenson, who spent Sunday in the city with Mrs. Clemenson's father, J. J. Howe, left for their home this afternoon.

Rev. Father Lynch left this noon for La Crosse, Wis., where he goes to make the final arrangements for installing the new altar in St. Francis church.

Miss Constance Gilman, after a very pleasant visit in the city, a guest of Mr. and Mrs. S. F. Alderman, returned to her home in St. Cloud this afternoon.

Rev. Roderick J. Mooney gave an address yesterday afternoon at the Y. M. C. A. on the "Philosophy of Friendship" and it was one of the best that has ever been heard on Sunday afternoon for some time.

Mrs. J. W. Burns and Miss Raymond, who have been visiting at Aitkin, came down this noon and left later for their homes at Oakfield, Wis. E. H. Burns, the crack Aitkin catcher, accompanied them as far as Brainerd.

Miss Daourst, who has been in the city since her brother, Wallace Daourst, was hurt recently at Deerwood, returned to her home in Duluth this afternoon. She was accompanied by Miss Sadie Halpin, who will visit in the Zenith city for a time.

Mrs. C. D. Johnson and daughter returned this noon from Deerwood, where they have been enjoying a pleasant outing for about two weeks. While at Deerwood Mrs. Johnson had as guests Mrs. C. H. Chestnut and daughter, of Minneapolis. They were domiciled with Mrs. Whitten during their stay there.

Miss Charlotte Hanlon sung the offertories in St. Paul's church yesterday. She is a very gifted and thoroughly cultivated vocalist. Her rendition of "Angels ever bright and fair" was a triumph. Her sustaining of F in the closing passages was done in a way that could only be accomplished through a master of breathing.

## Money to Loan, New Houses for Sale, Easy Terms

Money loaned for building, enlarging, improving, or to pay off a mortgage or for other purposes. Lots bought, houses or stores built and sold for reasonable payment down and balance on easy terms. Call on or address, P. B. NETTLETON, Palace Hotel, Brainerd.

## Neighborhood Gossip.

Jorger Haroldson, of Albert Lea, was brutally assaulted by a stranger.

At a picnic at Kansas lake near St. James a girl named Rydberg was seriously injured by a shot from a target rifle.

James W. Thorn of Grandin, N. D. is dead aged 75 years. Mr. Thorn was the oldest settler in Grandin, having built the first building there some twenty years ago.

Ore shipments from the Two Harbors port during the month of July were 1,005,600 tons, which beats all records, and is probably the record for the ore shipping ports of this country.

Miss Effie McCumber of Wahpeton, N. D., a niece of Senator McCumber, was married in Minneapolis Thursday evening to Fred Barnes. The bride has relatives in Salem township. Mr. and Mrs. Barnes will reside in Wahpeton after August 9.

The newly elected public library board at St. Cloud, organized under the new law, and elected all the old officers as follows: President, C. F. McDonald; vice-president, Miss Isabella Lawrence; secretary, Harry C. Ervin; treasurer, Mrs. M. Molitor.

Mrs. John Leary seeks information of the whereabouts of her daughter, Miss Frances, 18 years of age. She went to Melrose Monday and has not since been seen. She has short dark hair, had on a dark skirt, blue jacket and white hat.—St. Cloud Journal Press.

Yesterday a class of over five hundred was confirmed in St. Stanislaus' church, Winona. Bishop Trobec, of St. Cloud, had charge of this ceremony, in the absence of Bishop Cotter, who is now on a tour of the lakes for the benefit of his health. This is the largest class that has ever been confirmed in Winona.

Andrew Tanner was stabbed several times by Eric Makee, an 18 year old boy, at Sandstone. The parties were Finns and with five others, had been loading up with Sandstone booze. Tanner was taken to St. Paul, where he died Tuesday. Makee was arrested at the depot by Marshal Gunn and will be held to the grand jury.—Hinckley Enterprise.

There are at present fourteen patients in the pest house, but not one of them is seriously ill and some are to be released in a few days. According to law a smallpox patient must remain in quarantine 30 days. There have been no new cases in the city for two weeks or more and the danger of further contagion is now very slight. The quarantine was raised from the Grand Central hotel on Saturday.—Aitkin Age.

S. B. Foot has commenced suit against the Red Wing, Duluth & Sioux City Construction company for \$40,844.50, says the Red Wing Republican. The papers have been served on the defendants but notified with the clerk of the district court. The complaint alleges that by an agreement Mr. Foot performed sundry services for the defendant, to wit: To make defendant loans of money, and to negotiate and procure, upon his individual financial credit and security.—Albert Lea Tribune.

## THE RACES AT DRIVING PARK.

There was a very Good Attendance at the Swartz Driving Park Yesterday Afternoon.

There were some interesting events at Swartz' Driving park yesterday afternoon when the Northwestern Cycle Meet Association pulled off a few events.

There was to have been a running race before the bicycle races started, but young Earnest Preston, son of Officer Preston, was thrown from his horse and was quite badly, though not seriously injured. The race was called off after the first heat.

There was a trotting event between "Minne Wood," owned by J. Burns; "Rex," owned by William Biledeau; and "Robert J.," owned by M. K. Swartz. It was a pretty good race and it was well enjoyed. Only two heats were trotted.

The bicycle events were of course all enjoyed but Erickson failed to lower his record. The spectators felt as though they would like to turn a few riders lose that are residents of this city. Taken all in all it was a very pleasant afternoon.

D. M. Clark & Co. are agents for the New England Queen sewing machine. Small payments.

## MAGNATES LEAVE

### FOR THE WEST.

President Mellen's Special Makes A Run Over the Minnesota and International.

### THEIR MISSION ON THE TRIP.

President Hughitt, of the Northwestern was One of the Party of Railroad Men.

President Mellen's special returned from its trip over the Minnesota & International yesterday about two o'clock. The party left at once for the west and it is said they will go over the entire Northern Pacific system, President Hughitt, of the Northwestern accompanying them on the trip. The trip after leaving here will be over the N. P. to Oakes and there where the Northwestern makes its only indenture in the state of North Dakota, it is said the magnates will sort of look over things.

President Burt and party, of the Union Pacific, are still at Leech lake but it is understood that he also will go over some of the system with Presidents Mellen and Hughitt.

All kinds of rumors have been afloat since the three magnates with their coterie of legal advisors and directors have been up in this part of the country. The twin city papers have made some great guesses as to the close proximity of the three heads of the largest railroads in the land. Both the Journal and the Dispatch had President Hill going out of town also and it was intimated that he met at Bemidji with the magnates. This is not thought to have been true, however, and it is certain that if the three presidents who were very close to each other talked business at all it must have been very quick for the President Mellen's special is known not to have stopped long enroute.

The Sunday Pioneer Press has the following to say regarding the trip:

"Some of the wise ones around this part of the country who are usually ready with suggestions galore are giving it out that the meeting of the magnates is in connection with the opening of the Leech Lake reservation, which was thoroughly discussed at a meeting of the citizens of Cass Lake and Walker recently. The Northern Pacific is virtually in control of the Minnesota & International and should the reservation be opened up it would precipitate one of the greatest booms in this part of the state that has ever been experienced and a new field would be opened up for land seekers that would be very tempting. Thus the railroads would be benefitted to a large extent and it is said that the mission of these gentlemen is really to look over the ground in the vicinity of the reservation. Each railroad magnate has his legal advisors with him and it would certainly seem as though the story might be plausible.

It is also stated in connection with the trip that it was a previously planned meeting of the big guns to talk over reorganization or to definitely decide on a date for a future meeting."

## A GRAND PICNIC.

Those Interested in the Scandinavian Co-operative Association Enjoy A Picnic at Gilbert Lake.

Yesterday all those interested in the Scandinavian Co-operative Store went out to Gull Lake and enjoyed a picnic which perhaps was one of the most enjoyable and interesting occasions of the out door events at the lake.

Manager Bodeen of the store was prominent among those who made the event a success. The day was spent in taking boat rides, fishing, bathing etc. Refreshments were served in the woods and the entire party enjoyed the day very much.

E. W. Kaley, of Hamline, who with his wife and sister have been spending a few days at Hubert Lake, came down on the M. & I. this noon suffering from what is supposed to be a severe attack of appendicitis. He was taken to the Northern Pacific Sanitarium.

Mr. and Mrs. G. D. LaBar and E. O. Webb returned this morning from Gull Lake. They will go out again Wednesday, when there will be quite a gathering in honor of Miss Lucy Stearns' birthday. The party at the lake now includes Mrs. Porter Webb, of St. Paul, and her mother, Mrs. Fowler, Mrs. E. O. Webb, Harold Webb and Florence Webb and Mr. and Mrs. J. C. Atherton, Miss Stearns, Mr. and Mrs. G. D. LaBar and Miss Bertie Robinson go out Wednesday morning again.

# STOP PAYING RENT.

A chance to secure a delightful home of your own located where you want it and built as you want it, for same money you are now paying for rent.

## Announcement Extraordinary.

I wish to announce to the citizens of Brainerd that I have completed arrangements whereby I am now in position to build houses and cottages in any part of the city to suit my customers, and sell them on a small cash payment the balance of purchase price and interest payable in monthly payments that amount to no more than ordinary rent.

This plan places a new up-to-date home within the reach of every thrifty family in Brainerd. More than that, it affords every family an opportunity to acquire a home for nothing, as the amount paid as rent pays for the home. Prompt action is necessary in order to complete houses this fall. See me at your earliest convenience. First come, first served. I can show plans of some very nice modern houses and cottages of neat and attractive designs.

### P. B. Nettleton,

#### Palace Hotel.

### REAL ESTATE LOANS.

IF you are going to build, and want a loan, you have a mortgage to renew, you want to borrow for any purpose.

Consult P. B. NETTLETON.

Loans Made for 3, 5, 7, 9 and 12 Year Terms.

I represent the only institution in the state that loans on monthly payments at a reasonable rate of interest, giving the borrower a definite contract as to number of payments to be made. All or a part of a loan may be paid at any time after two years. Loans placed on this line are not foreclosed because they are easily and systematically paid off.

## Houses & Lots CASH

### BOUGHT FOR AND SOLD ON TIME.

Will buy a few houses and lots for cash. Sell them for small cash payment and let your rent money do the rest. Parties having houses and lots for sale should inform me. Those wanting to buy on the easiest terms ever offered should see me. A few new and older houses now for sale. For particulars call on or address

Mrs. C. D. Johnson and daughter returned this noon from Deerwood, where they have been enjoying a pleasant outing for about two weeks. While at Deerwood Mrs. Johnson had as guests Mrs. C. H. Chestnut and daughter, of Minneapolis. They were domiciled with Mrs. Whitten during their stay there.

Miss Charlotte Hanlon sung the offertories in St. Paul's church yesterday. She is a very gifted and thoroughly cultivated vocalist. Her rendition of "Angels ever bright and fair" was a triumph. Her sustaining of F in the closing passages was done in a way that could only be accomplished through a master of breathing.

Money to Loan, New Houses for Sale, Easy Terms

Money loaned for building, enlarging, improving, or to pay off a mortgage, or for other purposes. Loans bought, houses or stores built and sold for reasonable payment down and balance on easy terms. Call on or address, P. B. NETTLETON, Palace Hotel, Brainerd.

## Neighborhood Gossip.

Jorger Haroldson, of Albert Lea, was brutally assaulted by a stranger.

At a picnic at Kansas lake near St. James a girl named Rydberg was seriously injured by a shot from a target rifle.

James W. Thorn of Grandin, N. D. is dead aged 75 years. Mr. Thorn was the oldest settler in Grandin, having built the first building there some twenty years ago.

Ore shipments from the Two Harbors port during the month of July were 1,005,600 tons, which beats all records, and is probably the record for the ore shipping ports of this country.

Miss Effie McCumber of Wahpeton, N. D., a niece of Senator McCumber, was married in Minneapolis Thursday evening to Fred Barnes. The bride has relatives in Salem township. Mr. and Mrs. Barnes will reside in Wahpeton after August 9.

The newly elected public library board at St. Cloud, organized under the new law, and elected all the old officers as follows: President, C. F. McDonald; vice-president, Miss Isabel Lawrence; secretary, Harry C. Ervin; treasurer, Mrs. M. Molitor.

Mrs. John Leary seeks information of the whereabouts of her daughter, Miss Frances, 18 years of age. She went to Melrose Monday and has not since been seen. She has short dark hair, had on a dark skirt, blue jacket and white hat.—St. Cloud Journal Press.

Yesterday a class of over five hundred was confirmed in St. Stanislaus' church, Winona. Bishop Trobec, of St. Cloud, had charge of this ceremony, in the absence of Bishop Cotter, who is now on a tour of the lakes for the benefit of his health. This is the largest class that has ever been confirmed in Winona.

Andrew Tanner was stabbed several times by Eric Makee, an 18 year old boy, at Sandstone. The parties were Finns and with five others, had been loading up with Sandstone booze. Tanner was taken to St. Paul, where he died Tuesday. Makee was arrested at the depot by Marshal Gunn and will be held to the grand jury.—Hinekey Enterprise.

There are at present fourteen patients in the pest house, but not one of them is seriously ill and some are to be released in a few days. According to law a smallpox patient must remain in quarantine 30 days. There have been no new cases in the city for two weeks or more and the danger of further contagion is now very slight. The quarantine was raised from the Grand Central hotel on Saturday.—Aitkin Age.

S. B. Foot has commenced suit against the Red Wing, Duluth & Sioux City Construction company for \$40,844.50, says the Red Wing Republican. The papers have been served on the defendants but notified with the clerk of the district court. The complaint alleges that by an agreement Mr. Foot performed sundry services for the defendant, to wit: To make defendant loans of money, and to negotiate and procure, upon his individual financial credit and security.—Albert Lea Tribune.

## THE RACES AT DRIVING PARK.

There was a very Good Attendance at the Swartz Driving Park Yesterday Afternoon.

There were some interesting events at Swartz' Driving park yesterday afternoon when the Northwestern Cycle Meet Association pulled off a few events.

There was to have been a running race before the bicycle races started, but young Earnest Preston, son of Officer Preston, was thrown from his horse and was quite badly, though not seriously injured. The race was called off after the first heat.

There was a trotting event between "Minne Wood," owned by J. Burns; "Rex," owned by William Biledeau; and "Robert J." owned by M. K. Swartz. It was a pretty good race and it was well enjoyed. Only two heats were trotted.

The bicycle events were of course all enjoyed but Erickson failed to lower his record. The spectators felt as though they would like to turn a few riders lose that are residents of this city. Taken all in all it was a very pleasant afternoon.

D. M. Clark & Co. are agents for the New England Queen sewing machine. Small payments.

## MAGNATES LEAVE

## FOR THE WEST.

President Mellen's Special Makes A Run Over the Minnesota and International.

## THEIR MISSION ON THE TRIP.

President Hughitt, of the Northwestern was One of the Party of Railroad Men.

President Mellen's special returned from its trip over the Minnesota & International yesterday about two o'clock. The party left at once for the west and it is said they will go over the entire Northern Pacific system, President Hughitt, of the Northwestern accompanying them on the trip. The trip after leaving here will be over the N. P. to Oakes and there where the Northwestern makes its only indenture in the state of North Dakota, it is said the magnates will sort of look over things.

President Burt and party, of the Union Pacific, are still at Leech lake but it is understood that he also will go over some of the system with Presidents Mellen and Hughitt.

All kinds of rumors have been afloat since the three magnates with their coterie of legal advisors and directors have been up in this part of the country. The twin city papers have made some great guesses as to the close proximity of the three heads of the largest railroads in the land. Both the Journal and the Dispatch had President Hill going out of town also and it was intimated that he met at Bemidji with the magnates. This is not thought to have been true, however, and it is certain that if the three presidents who were very close to each other talked business at all it must have been very quick for the President Mellen's special is known not to have stopped long enroute.

The Sunday Pioneer Press has the following to say regarding the trip: "Some of the wise ones around this part of the country who are usually ready with suggestions galore are giving it out that the meeting of the magnates is in connection with the opening of the Leech Lake reservation, which was thoroughly discussed at a meeting of the citizens of Cass Lake and Walker recently. The Northern Pacific is virtually in control of the Minnesota & International and should the reservation be opened up it would precipitate one of the greatest booms in this part of the state that has ever been experienced and a new field would be opened up for land seekers that would be very tempting. Thus the railroads would be benefitted to a large extent and it is said that the mission of these gentlemen is really to look over the ground in the vicinity of the reservation. Each railroad magnate has his legal advisors with him and it would certainly seem as though the story might be plausible.

It is also stated in connection with the trip that it was a previously planned meeting of the big guns to talk over reorganization or to definitely decide on a date for a future meeting."

## A GRAND PICNIC.

Those Interested in the Scandinavian Co-operative Association Enjoy A Picnic at Gilbert Lake.

Yesterday all those interested in the Scandinavian Co-operative Store went out to Gull Lake and enjoyed a picnic which perhaps was one of the most enjoyable and interesting occasions of the out door events at the lake.

Manager Bodden of the store was prominent among those who made the event a success. The day was spent in taking boat rides, fishing, bathing etc. Refreshments were served in the woods and the entire party enjoyed the day very much.

E. W. Kaley, of Hamline, who with his wife and sister have been spending a few days at Hubert Lake, came down on the M. & I. this noon suffering from what is supposed to be a severe attack of appendicitis. He was taken to the Northern Pacific Sanitarium.

Mr. and Mrs. G. D. LaBar and E. O. Webb returned this morning from Gull Lake. They will go out again Wednesday, when there will be quite a gathering in honor of Miss Lucy Stearns' birthday. The party at the lake now includes Mrs. Porter Webb, of St. Paul, and her mother, Mrs. Fowler, Mrs. E. O. Webb, Harold Webb and Florence Webb and Mr. and Mrs. J. C. Atherton, Miss Stearns. Mr. and Mrs. G. D. LaBar and Miss Bertie Robinson go out Wednesday morning again.

# STOP PAYING RENT.

A chance to secure a delightful home of your own located where you want it and built as you want it, for same money you are now paying for rent.

# Announcement Extraordinary.

I wish to announce to the citizens of Brainerd that I have completed arrangements whereby I am now in position to build houses and cottages in any part of the city to suit my customers, and sell them on a small cash payment the balance of purchase price and interest payable in monthly payments that amount to no more than ordinary rent.

This plan places a new up-to-date home within the reach of every thrifty family in Brainerd. More than that, it affords every family an opportunity to acquire a home for nothing, as the amount paid as rent pays for the home. Prompt action is necessary in order to complete houses this fall. See me at your earliest convenience. First come, first served. I can show plans of some very nice modern houses and cottages of neat and attractive designs.

# P. B. Nettleton, Palace Hotel.

## REAL ESTATE LOANS.

IF you are going to build, and want a loan, you have a mortgage to renew, you want to borrow for any purpose.

Consult P. B. NETTLETON.

Loans Made for 3, 5, 7, 9 and 12 Year Terms.

I represent the only institution in the state that loans on monthly payments at a reasonable rate of interest, giving the borrower a definite contract as to number of payments to be made. All or a part of a loan may be paid at any time after two years. Loans placed on this line are not foreclosed because they are easily and systematically paid off.

# Houses & Lots CASH BOUGHT FOR AND SOLD ON TIME.

Will buy a few houses and lots for Cash. Sell them for small cash payment and let your rent money do the rest. Parties having houses and lots for sale should inform me. Those wanting to buy on the easiest terms ever offered should see me. A few new and older houses now for sale. For particulars call on or address

MAYOR DOC. AMES is causing the newspapers of Minneapolis more anxiety than all their money.

THE efforts of THE DISPATCH have borne fruit—the weeds have been harvested on Front street. Now let the good work spread to some of the adjacent lots and streets.

IN nearly all the eastern states new potatoes are bringing three times the price this year that they did last. Never before in the history of the eastern markets have the produce men offered the present prices for vegetables.

THOSE hunters who value their dogs and guns should remember that the season is not yet "open" on birds. The temptation is great but the penalty is severe, and we are informed that there is to be no favorites. Every violator of the game law should be prosecuted.

JOHN LIND threatens to be a candidate for governor if Gov. Van Sant is renominated for the position by the republicans. Every time John thinks of the present governor of Minnesota it has the same effect on him that a red rag has on a bull. But Mr. Lind need not worry, he has warmed the chair in the governor's office for the last time.

THE Sauk Center Avalanche gives its readers some timely advice regarding patronizing home industries and home institutions and it is a subject that should be discussed in every locality, and there is no place in the state where a reform in that line is needed more than in our own city. Some people have an idea that if they buy a suit of clothes, a consignment of groceries, a new buggy or anything they may need in the cities they are getting better values than they would at home even though the price paid is the same, while in many instances the grade of the article is inferior to that which you would get of your home merchant or tradesman. It pays to support home institutions.

## Foul Murder.

A terrible tragedy was enacted Friday evening near Elk River, and if a blood hound from the state reformatory at St. Cloud is successful in tracking a man who may be a murderer the quite county of Sherburne may have a hanging when the courts have determined the facts.

Gus, Moritz, a steady and industrious farmer 35 years old living some five miles southeast of Elk River, is the victim and a pretty accurate description has been obtained of the man who did the shooting. If he is caught the indignant citizens may not wait for the decision of the courts but may take the law into their own hands, so unprovoked was the crime.—St. Cloud Journal Press.

## Mayor's Office Must Pay.

Dan Gunn, mayor of Grand Rapids, has opened a farm and bought a train load of cattle to start in the stock business.—Crookston Journal.

## The Excursion to Merrifield.

Have you gotten your ticket for the excursion on Thursday to Merrifield, which will leave the depot at 9 a. m., returning leave Merrifield at 5:15 p. m. Only a limited number of tickets will be sold and they are being taken up like hot cakes.

Bunch of keys lost. Liberal reward if left at this office.

## How To Save Rent.

Houses for sale—small cash payment. Your rent money for balance.

P. B. NETTLETON,  
Palace hotel.

## Bids Wanted.

Sealed bids will be received by the undersigned until 12 o'clock noon Saturday, Aug. 10th, to paint school house in District No. 28, inside to be given two coats, outside one coat. Also to build brick foundation under the same. Address

J. J. STEARNS, Clerk  
Brainerd, Minn.

New line of trunks at D. M. Clark & Co.

## LOCAL NEWS NOTES.

Prof. Hanft returned from Minneapolis this noon.

J. M. Elder went to St. Paul last evening on business.

There will be a meeting of the city council this evening.

Mayor Halsted returned from the lake this morning for a few hours.

J. M. Heffner went to St. Paul Saturday night, returning this morning.

Mr. and Mrs. E. S. Houghton left on the early train this morning for Minneapolis.

Rev. F. E. Higgins, of Bemidji, was a guest in the city this noon between trains.

Mr. and Mrs. M. W. Downey went to Duluth yesterday, where they will visit for a short time.

In the absence of County Treasurer Frater A. G. Trommald will have charge of the office.

The work of repainting and repairing the interior of the court house has been commenced.

J. A. Jardine, of Fargo, returned to his home this afternoon after a visit in the city with Guy Bean.

Rev. B. Simon was at Stoney Brook and White Fish Lake yesterday where he conducted services.

Manager Paul Haight, of the International Correspondence Schools, returned from Duluth Sunday morning.

J. H. Boyce, who has been in the city representing the Minneapolis Journal left this noon for Minneapolis.

Attorney C. H. Bailey, of Bemidji, was a guest in the city this morning. He was enroute to Minneapolis on legal business.

Secretary Wilhelm gave a very fine address yesterday morning at the German Evangelical church in East Brainerd.

Will Koop has returned from Buffalo, where he took in the Pan-American exposition and is at work again in the First National bank.

Frank Rathburn, of Aberdeen, S. D., passed through the city today enroute to Bemidji where he will visit for some time.

Mr. and Mrs. John Clemenson, who spent Sunday in the city with Mrs. Clemenson's father, J. J. Howe, left for their home this afternoon.

Rev. Father Lynch left this noon for La Crosse, Wis., where he goes to make the final arrangements for installing the new altar in St. Francis church.

Miss Constance Gilman, after a very pleasant visit in the city, a guest of Mr. and Mrs. S. F. Alderman, returned to her home in St. Cloud this afternoon.

Rev. Roderick J. Mooney gave an address yesterday afternoon at the Y. M. C. A. on the "Philosophy of Friendship" and it was one of the best that has ever been heard on Sunday afternoon for some time.

Mrs. J. W. Burns and Miss Raymond, who have been visiting at Aitkin, came down this noon and left later for their homes at Oakfield, Wis. E. H. Burns, the crack Aitkin catcher, accompanied them as far as Brainerd.

Miss Daoust, who has been in the city since her brother, Wallace Daoust, was hurt recently at Deerwood, returned to her home in Duluth this afternoon. She was accompanied by Miss Sadie Halpin, who will visit in the Zenith city for a time.

Mrs. C. D. Johnson and daughter returned this noon from Deerwood, where they have been enjoying a pleasant outing for about two weeks. While at Deerwood Mrs. Johnson had as guests Mrs. C. H. Chestnut and daughter, of Minneapolis. They were domiciled with Mrs. Whitten during their stay there.

Miss Charlotte Hanlon sung the offertories in St. Paul's church yesterday. She is a very gifted and thoroughly cultivated vocalist. Her rendition of "Angels ever bright and fair" was a triumph. Her sustaining of F in the closing passages was done in a way that could only be accomplished through a master of breathing.

## Pan-American Exposition.

For the above occasion tickets will be sold by the Northern Pacific Railway Co. for the round trip as follows: One and one-third fares to St. Paul, and from St. Paul via standard lines \$33.35; via differential lines \$31.35. On sale daily up to and including Sept. 30th, 1901. Tickets will require continuous passage in each direction. Final limit 15 days from date of sale.

Excursion Rates Via "The Milwaukee."

Louisville—August 24, 25, 26, Triennial Conclave Knights Templar, \$21.50 round trip.

Buffalo—All summer, Pan American Exposition, \$24.50 round trip. All tickets good on celebrated Pioneer Limited. Call at Milwaukee office, or write J. T. Conley, Ass't Gen. Pass. Agent, St. Paul, for detailed information. Ask for Pan-American folder.

ROGERS WAS EASY MONEY.

For The Brainerd Base Ball Team At Aitkin Yesterday Afternoon AITKIN DIED VERY, VERY HARD Murphy's Three-bagger Was A Feature Of The Game. Notes And Gossip

Brainerd 8; Aitkin 4. There was a game of ball at Aitkin yesterday but one would not have known it from any evidences of a jollification from the Aitkin side after the game was over and during the waning hour of day when Old Sol was in his decadency.

Brainerd won the game hands down and a sorer and more dejected crowd than the Aitkinites never walked and they died awfully, awfully hard. The two teams had played two other games with each winning and of course the game yesterday was the one that Aitkin wanted terrible bad. They have been playing some of the teams up the line and throwing it into them pretty bad but they had not encountered the real stuff until they went up against Brainerd and they got their needings proper yesterday. Of course they had some money up again yesterday but they found plenty of takers and besides winning the last game of a series of three the Brainerdites all came home somewhat reimbursed financially.

There were fully a hundred people on the train from Brainerd and there were nearly as many Brainerdites at the ball park as there were Aitkinites. In fact the gate receipts would show that there were as many.

It was a great crowd of rooters from Brainerd and they made Rome howl for few a hours in the old town up the line.

E. Rogers, who pitched against Brainerd in the game in this city two weeks ago and who put up a good game, was in the box yesterday but the locals had their batting clothes on and they didn't do a thing to him batting him completely out of the box in the sixth inning getting all kinds of hits. The Aitkin aggregation was up against it right after that. They substituted Meyers who by the way is a pretty good ball player, but he can't pitch ball. He was even worse than Rogers and the boys hit him freely and had no trouble to win the game.

Derocher was in the box for the locals until the seventh inning when Orth went in. Derocher was a little wild and the Aitkinites were making some pretty safe two baggers on him so to be sure that the home team would win, Orth was substituted. Orth proved himself to be ever the old reliable and held them down so that they failed to score again during the game.

"Baldy" Murphy's three-bagger was the feature of the game. Had there been a fence it would have surely been a home run. It was not as good a game as has been seen played this summer, there being very few strike outs and the list of errors was something bad on both sides.

The game was perfectly orderly with the exception of a tilt when it was thought by the Aitkin team that they were getting the worst of it from Umpire Smith, but the difference was adjusted all right and the game continued.

It happened this way: Finn was the first up for Brainerd and he drew a base on balls, Peterson succeeded in getting to first but Connors flied out to Myers and P. Boyle flied out to T. Honnold. For Aitkin Kast, the first man up went out from J. Boyle to Connors, Burns fanned the air and E. Rogers flied out to McCarthy.

In the second Murphy for Brainerd went out from E. Rogers to Chapman, J. Boyle struck out and McCarthy got his base on balls. Spencer up got a dinky liner which was picked up by the second baseman and McCarthy, who was forced to run to second, was caught out there, thus retiring the side. For Aitkin T. Honnold came up to the pan and got a nice clean hit. Sears got to first on an error by P. Boyle. Chapman flied out to McCarthy and T. Honnold was caught at third. J. Honnold got a peach of a two-bagger and scored Sears, Myers managed to get hit by the ball and got to first safely, but C. Rogers flied out to Murphy.

In the third the first man up was

Derocher who singled. Finn also singled, but Peterson went out from T. Honnold to Chapman. Connors flied out to Chapman. Kast for Aitkin flied out to Finn, Burns went out from McCarthy to Connors and E. Rogers flied out to P. Boyle.

In the fourth Brainerd scored for the first time. P. Boyle was the first man up and landed safely at first, and finally scored on a succession of errors. Murphy failed to connect with the ball in this inning to any good advantage and went out from E. Rogers to Chapman. J. Boyle hit a slow liner out to first base and he was put out by Chapman. McCarthy struck out. It came very near being disastrous in the last of the fourth for Brainerd and as it was Aitkin made three runs. T. Honnold hit a hot one out in the vicinity of Shortstop Boyle but he muffed it and Honnold got first. Sears came up and flied out to McCarthy. Chapman got an elegant two-bagger scoring T. Honnold. J. Honnold got to first and both he and Chapman worked themselves around the diamond to wait for a good bit to bring both runs in. Myers drove a dinky one out and P. Boyle took it in and he was thrown out to Connors, but Chapman on third started home and Connors threw the ball to the home plate but Spencer muffed the ball and both Chapman and J. Honnold scored. C. Rogers flied out to J. Boyle and the agony was all over. Aitkin failed to score after this inning and the Brainerdites began to pound Rogers right and left.

In the fifth Spencer up for Brainerd went out from C. Rogers to Chapman, Derocher struck out and Finn flied out to T. Honnold. For Aitkin Kast flied out to McCarthy, Burns flied out to Peterson, which was a very clever catch by the way. E. Rogers got a two-bagger, but T. Honnold went out from J. Boyle to Connors.

In the sixth the fireworks started in great shape and they didn't do much to E. Rogers in the box. Peterson got a single and Connors followed with a peach of a two-bagger, scoring Peterson. P. Boyle went out from E. Rogers to Chapman. Murphy singled, scoring Connors, but he got caught at second trying to steal a base. J. Boyle went out from P. Boyle to Chapman. For Aitkin Sears drove a slow liner out toward first and Connors got him out. Chapman went out from 7 to 3 and J. Honnold flied out to J. Boyle.

In the seventh McCarthy got his base on balls, Myers having been substituted for E. Rogers in the box, Spencer followed with a two-bagger, scoring McCarthy, Orth got a hit, scoring Spencer, but he was caught at second trying to steal. For Aitkin the first man up, Myers, went out from P. Boyle to Connors. C. Rogers followed in his footsteps, going out in the same way, Kast got his base on balls, but Burns flied out to J. Boyle. Orth was substituted for Derocher in this inning.

In the eighth Myers was touched up the hardest of any pitcher that the boys have played with this summer, it being a continuity of two-baggers, three-baggers or any old bagger. Connors went out from C. Rogers to Chapman, but P. Boyle hit the ball for a two-bagger. Murphy then came up and drove out the prettiest three-bagger of the season scoring P. Boyle. J. Boyle went out from C. Rogers to Chapman, but McCarthy came up and lined her out for another two-bagger scoring Murphy, Spencer got his base on balls but on a succession of errors by the Aitkinites McCarthy scored. Orth struck out. Aitkin tried in vain in the last of the eighth again but they were up against it. E. Rogers got a base on balls and T. Honnold came up and singled and it looked as they might score again but Rogers got caught at third. Sears went out from P. Boyle to Connor. Honnold got caught at second.

In the ninth Finn went out from J. Honnold to Chapman, Peterson struck out, but Connors got to first on an error by C. Rogers. P. Boyle got a base on balls, but Murphy went out from C. Rogers to Chapman. Aitkin failed to score in the last of the ninth, J. Honnold, Myers and C. Rogers all going out by the same route, from Orth to Connors.

The following is the summary of the game:

	ab	r	h	po	a	e
Kast, rf.	3	0	0	1	0	0
Burns, c.	4	0	0	7	0	0
Rogers, e.	3	0	1	0	2	0
Honnold, T.	4	1	2	1	0	1
Sears, cf.	4	1	0	1	0	1
Chapman, lb.	4	1	1	1	2	0

Brainerd, 0 0 0 1 0 2 2 3 0—8  
Aitkin, 0 1 0 3 0 0 0 0 0—4  
Struck out by E. Rogers, 3; by Meyers, 3; by Derocher, 1. Wild pitches by E. Rogers, 4. Bases on balls off E. Rogers, 2; off Meyers, 2; off Orth 1. Umpires Yates and Smith.

Some Side Bunts.

Joe Early made a good end man. What's the matter with McCarthy? A. G. Trommald did good service on the rooting line.

Ed. McKay was kicking because he did not get enough to eat.

John Carlson did a few stunts himself out on the rooting line.

Genial Tom. Connors did the nice thing by the boys after the game.

A. M. Cleaves and John Murphy both made home runs and scored.

"Baldy" Murphy was the whole show after he made the three-bagger.

Louis LaJoie had more fun than anybody and whooped her up all the time.

Chas. Osterlund had his goggles peeled for something good but didn't land.

Ole Peterson ate two suppers at the Foley Hotel and never cracked a smile.

A. M. Johnson looked wise and was one of the most patriotic of rooters.

E. J. Donahue walked around town with plans for a new house in his hand looking for foul tips.

Landlord John O'Malley, of Aitkin was there with the goods and even though Aitkin lost "died game."

When McCarthy went to bat some bloke yelled out, "There goes St. Cloud." He had read THE DISPATCH.

J. Boyle took a dollar bet on Brainerd in the eighth inning. He ought to give that to some charitable institution.

John Thompson of THE DISPATCH, was kicking because there were more Brainerdites who paid to see the game than Aitkinites.

One Married man in the crowd is said to have asked his wife upon entering the house last night, "If she knew Jack O'Mally, of Aitkin."

M. J. Reilly says two young ladies began to josh him but before the game was over he had won them out and had them rooting for Brainerd.

One Aitkin girl expressed the feeling of all Aitkinites when she said: "If I just had Chapman when he muffed that ball I would have cuffed his ears. So there!"

St. Cloud was shut out by Little Falls in a game played yesterday afternoon at Little Falls, the score being 1 to 0. Doty was in the box for Little Falls and is said to have pitched a great game.

The Roscoe's of this city and the Long Lake teams played a game at Long Lake yesterday afternoon. The score was 4 to 0 in favor of the Roscoes. Boyle and Virgil was the battery for the home team and Page and Wheeler for Long Lake.

SHE WAS NOT INSANE.

Hannah Nelson Brought Before An Examining Board But is Released Again.

Dr. Thabes, Dr. Batcheller and Judge of Probate McFadden sat as an examining board in an insanity case late Saturday afternoon.

Hannah Nelson had been complained against by Albert Jacobson, her brother-in-law. She has been acting strangely for some time and it was thought by her relatives that the proper place for her would be in an insane asylum.

The board thought different, however, and discharged her. They decided that she was only feeble minded and ordered her sent back home. She may be taken to the school for feeble minded persons.

Furniture, carpets and stoves sold on small payments at D. M. Clark & Co.

SAID SHE WOULD

NOT RETURN AGAIN

Miss Mary Senti Leaves Home This Morning But Left A Note

IT MAY BE AN ELOPEMENT

Her Fathes Has Solicited The Aid Of Police To Find His Daughter.

This afternoon about 3:30 P. Senti, well known in this city was looking for the police and it is understood that he will solicit their aid to locate his daughter, Miss Mary Senti, who left her home this morning leaving a note stating that she would not return.

To a friend Senti stated that he fears the girl has left the city and that she has gone with a woman by the name of Mrs. Miller, who secured a divorce from her husband some time ago and went to Jackson, Minn.

The disclosure of the note could not be ascertained but it is thought that her leaving home was also incited by a desire to become the wife of a young man in this city, who it is claimed had arranged a very clever elopement, and which may have been carried out so far as any of the officers are aware as yet.

The matter will be investigated and the old gentlemen will try to persuade his daughter to return home.

DAILY MARKETS.

Chicago, Aug. 5.—Wheat opened at 68½, closed at 70½. Corn opened at 57½ to 57½, closed at 57½. Oats opened at 34½ closed 35. Minneapolis closed at 68.

CURBSTONE CHAT.

Dr. Thabes: I was glad to hear that Brainerd won the ball game yesterday.

A. H. Bennett: There was a wreck on the Northern Pacific yesterday near Rice and the train was delayed so that we did not get the Twin city papers until eight o'clock last evening. Some may have missed their paper last night and I make this explanation so that any discrepancy may be overlooked.

PETER DYKE AS INTERVENOR.

An Interesting Land Contest Case Heard by Clerk of Court Johnston Involving Valuable Land.

An interesting land contest case known as John O. Husby vs. Thos. I. James, with Peter Dyke as intervenor has been heard before Clerk of Court Johnston.

The land involved in the case is Section 6, rg. 44, twp. 28, and is considered very valuable. Dyke steps in and trysto drive both men off the land. It is said that both Husby and James settled on the land before he did but he, while they were away, took possession and now claims to be the actual settler.

Fear Incendiarism at Tampa.

Tampa, Fla., Aug. 5.—Guards have been placed around many homes in Tampa to prevent incendiary fires. Those whose homes are guarded are known leaders in the anti-Resistencia strike movement. Rumors of possible incendiarism have been rife for two days. All of the closed cigar factories are guarded. It is believed that the crisis in the strike situation will be reached this week.

Murders an Actress and Suicides.

Omaha, Aug. 5.—Mrs. Millie Light hawk, an actress, known by the stage name of Millie Allen, was fatally shot here by Thad Brookie, who turned his revolver on himself, sending a bullet through his heart. Mrs. Lighthawk is lying in Clarkson hospital, with no chance for recovery, according to the physicians' report. Jealousy is said to have been the motive for the deed.

Two Little Girls Burn to Death.

Mancelona, Mich., Aug. 5.—Two little girls, aged 3 and 2 years, daughters of George Simmons, were burned to death. They were left with two older boys in the house, which in some unknown manner caught fire. The boys escaped and gave the alarm, but assistance arrived too late to save the girls. The house and everything in it was burned.

Brought the Shamrock's Racing Gear.

New York, Aug. 5.—The Anchor line steamer Astoria, which has arrived from Glasgow, brought the spars and gear of the cup challenger Shamrock II. The great mast, lower mast and topmast in one piece is lashed securely to the spar deck on the port side. This mast is 169 feet, 9 inches in length.

Says They Were Revolutionists.

London, Aug. 5.—The Reuter Telegram company has received the following dispatch from Curacao: "A dispatch from Caracas says that 6,000 revolutionists were defeated after 30 hours' fighting July 29 and 30 with a loss of 800 men, the government loss being 300."

KILLED THE POLICEMAN.

South Carolina Negro Uses a Gun in Resisting Arrest.

Charlotte, N. C., Aug. 5.—A special from Shelby, N. C., to The Observer says that Chief of Police Jones of that place was shot and instantly killed by Jim Lowery, a negro employed at the South Carolina and Georgia depot. Jones, with a warrant charging Lowery with selling whisky without a license, went to serve it. Lowery ran, firing at Jones, the bullet taking effect in the lung. Jones followed and caught him as he struck a lamp post. In the scuffle Lowery fired again, the bullet, going through Jones' heart. Four bloodhounds and over 1,000 people are on the negro's trail. One of the bloodhounds was shot by the fleeing negro. It is quite likely that if the negro is caught he will never reach the jail.

Bucolic Strategy.

"Yes," said the old farmer, "that artist boarder skipped his bill and left behind a picture of my red calf." "Quite a loss?" ventured the city youth. "Not as much as you'd think. The picture was so lifelike I could set it in front of the cow, and she'd let the milk down after I sold her calf."—Chicago News.

## THE STATE FAIR

MINNESOTA'S EXPOSITION THIS YEAR WILL ECLIPSE ALL PREVIOUS DISPLAYS.

Many Evidences of Growth Apparent in New Buildings and Other Improvements—September 2 to 7, Inclusive, the Dates for the Big Event.

Most characteristic of all the advance news about the Minnesota State Fair are those items which go to show the wonderful growth of the institution. The Minnesota fair has, in fact, outgrown its position as a "state" fair. It is now a Northwestern exposition and a national live stock exhibit. In this character it is not surprising that it needs more room in every department and that the reports of managers' meetings are filled with the endeavors of the officials to find space for the would-be exhibitors and to provide accommodations for the great crowds which will undoubtedly be present.

Last year's fair was a "record-breaker" in every department; this year's fair promises to so far eclipse that of 1900 as to make it seem a trifling occasion. The management has secured attractions of the highest character and as part of the exhibits will have such a display of live stock as to fairly set in the shade the grand live stock exhibit made in Chicago last winter.

#### Roosevelt to Be There.

The fair managers made their first hit by inviting Vice President Theodore Roosevelt to open the fair. The invitation went first, informally, through Thomas H. Shevlin of Minneapolis, vice president of the fair, and after the formal invitation of the board, Mr. Roosevelt accepted in an autograph letter. He is to address the crowd from the grand stand on Monday morning, Sept. 2, at 11 o'clock, formally opening the fair, and he will later hold an informal reception and be the guest of the officers of the fair and various notables at luncheon. In the afternoon he will review the exhibits.

#### A National Live Stock Exhibit.

National exhibitions by the American Shorthorn Breeders' association and the American Hereford Breeders' association in addition to the usual large exhibit of cattle of all breeds will draw to the Minnesota State Fair of 1901 a collection of live stock which will form the largest exhibit of its class ever made, even eclipsing the Chicago exhibit of last year. It will be the event of the year for farmers, breeders and all people interested in the diversification of Western farm industries.

The fair management has joined with the breeders' association in offering increased premiums in both these classes of live stock and the premiums have been enlarged in other departments wherever possible.

#### Auction Sales of Blooded Cattle.

On certain days of the fair there will be auctions without reserve of many head of fine Shorthorns and Herefords. This will give farmers and breeders an excellent opportunity to improve their herds.

#### Making Room for the Show.

Every department of the fair is feeling the influence of the live stock exhibitions and the other great drawing cards which the managers have arranged. To accommodate a very persistent demand for space for exhibiting a process of expansion is going on this summer on the grounds.

Most conspicuous among the new buildings is the Agricultural Hall, which was erected with an appropriation of \$25,000 made by the state legislature last winter. This building is 260x240 feet in size and of very fine architectural appearance. It is designed by C. R. Aldrich, the architect of many of the university and college of agriculture buildings. It is now the most prominent building on the grounds and the one which will be naturally entered first by visitors. It will contain the exhibits of the horticultural and agricultural departments.

#### Other Evidences of Growth.

The old Horticultural building will be used this year to accommodate the carriage department and the old carriage building will be given up to farm implement exhibitors. Several new buildings will be erected by farm machinery manufacturers and some may have to be housed in tents. Another temporary stock barn has been built to take care of the overflow caused by the presence of the big national cattle shows. The grand stand is enlarged by the addition of 2,000 bleacher seats. A new toilet building of generous dimensions and modern accommodations will be an appreciated feature. Several of the concessionaries will have attractive new buildings and the Minneapolis Journal will erect a substantial and handsome structure. The government of the United States will establish a postoffice on the grounds and for its use the fair will supply a building of suitable size.

#### Prizes and Premiums.

Early in the season the fair officers revised the premium list, making extensive additions and increasing the amounts in many cases. These liberal offers have been supplemented in many instances by offers from individuals or firms interested in the success of the fair. In the cattle department, especially in Shorthorns, Herefords and Aberdeen-Angus cattle, the combined offers of the fairs and the breeders' associations make the pre-

miums worth the utmost endeavors of the exhibitors.

In all some \$40,000 in prizes and premiums are offered by the fair management.

#### The Amusement Side of the Fair.

People go to the state fair to be amused as well as to study. One of the chief means of amusement at a fair is found in the race track. At the Minnesota fair the races are under the best conditions—they are simply trials of speed without any objectionable features. As the purses are large and the reputation of the fair the best, the list of entries is found to excel last year's fine line of horses.

It should be remembered that there are fast races on every day of the fair—Monday and Saturday included—and that none of the races is for less than \$1,000, while the big trot on Minneapolis day and the pace on St. Paul day are each for \$5,000.

Pool selling is prohibited at the fair grounds. The races are clean; and the track is one of the fastest in the country.

#### Evening Entertainments.

Besides the races there are specialty entertainments in front of the grand stand every afternoon of fair week. These specialties, with variations, will be shown each evening under electric light. So it will be possible for a visitor to enter the grounds early in the forenoon and stay till the evening performance is over. The evening amusements will include racing by electric light, hurdle races, chariot races, standing races, women's races, monkey races, riderless horse races, exhibitions on the rolling sphere by the famous equilibrist, Lionel Legare, aerial exhibitions by the renowned Pickett family—and lastly, a magnificent spectacular pyrotechnic drama, put on by the famed fireworks makers, the Pains, of Chicago.

#### State Fish Exhibit.

With the co-operation of the state game and fish commission and the fair management, an exhibit of the fish of Minnesota will be made. Every known variety of native fish will be shown in capacious tanks. Not only will the full grown specimens be displayed, but the fry and the yearlings will be shown so that visitors may study the development of the fish.

#### Attractions Galore.

The foregoing are but a few of the attractions of the fair. The exhibits in the main exposition building are to be greatly improved in character this year. The dairy building was overflowing—all space assigned—before Aug. 1. The poultry department will have a larger and better display than ever. The woman's building is one of the most attractive on the grounds. Liberal premiums are offered, and the best specimens of textile and fine art work will be on exhibition. The state federation of women's clubs will maintain headquarters upon the grounds during the fair. The rooms will be kept open for use of women, whether members or not, and all are cordially invited to make the place headquarters while visiting the state fair. Special exercises will be held daily during the week, at which topics of general interest will be considered.

It is believed that the farm implement and machinery exhibit will be the largest and most complete ever seen at any state fair.

#### Best in the Union.

"But few human undertakings better deserve the title 'ideal' than has this great agricultural exposition during late years," says "Farm, Stock and Home." "It is acknowledged to be 'the best in the union,' which is equivalent to saying that it has no superior anywhere, and to be superior comes most pleasingly near being 'ideal.' The high character of this exposition is yet unknown to too many citizens of Minnesota and sister states, and this is written that many more may know it; and when they realize what it is they will surely let no ordinary barrier keep them from seeing with their own eyes and understanding with their own judgment what a state fair par excellence looks like and is."

#### Canada Eclipsed Too.

Not only does the Minnesota fair lead in the states, but it has gone ahead of the great Canadian fair, which has always been held up as a model of what a fair should be. Up to 1900 the great Canadian fair at Toronto was the largest fair in America. Last year the Canucks were rather surprised to find that the Minnesota fair had exceeded their largest gate receipts and was putting up a better exhibition in many ways.

#### Visitors Well Cared For.

Minneapolis and St. Paul are cities full of people adept in entertaining. They will look well to the interests of the people who visit the state fair during the first week in September. At the fair grounds the managers are ever alert to see that people are taken care of. Many conveniences are being added this year for the comfort of visitors—telephones, postoffice, drinking fountains, park benches on the grounds, etc. The grounds are well policed and sanitation is carefully looked after.

Exhibitors have the best of treatment. The Minnesota fair is noted for paying its premiums promptly. The judges are men of the highest standing. Every thing is done "decently and in order."

#### Half-Fare Rates on the Railroads.

Every railroad running into Minneapolis has joined in making a rate of one fare for the round trip for the week of Sept. 2-7. These rates apply from all points within 200 miles of the Twin Cities, but are extended to 300 west, so as to include almost all of North and South Dakota.

## OIL KING'S VAST RICHES

John D. Rockefeller to Be a Billionaire.

MADE \$300,000,000 IN TEN YEARS.

Morgan in Opposing This Enormous Accumulation Would Be Doing a "Risky Thing," Declares a Prominent Wall Street Banker—Rivalry of Giants is but Natural, He Says.

A generally believed report in connection with the rivalry between J. Pierpont Morgan and John D. Rockefeller for the financial mastery of the new world is that Mr. Morgan will turn his banking business into a corporation, says the New York Journal. Rich individuals, having established highly successful banking and trust companies, have before this converted their firms into stock companies, retaining control. At the same time they have lessened individual liability and greatly increased the scope of their powers.

Those who know Mr. Morgan are emphatic in saying that if J. P. Morgan & Co. were made, say, the Morgan company, it would certainly be for the purpose of increasing power rather than for lessening individual liability. By this means Mr. Morgan could draw to himself both the pledge and capital of his friends, at the same time increasing his command of their loyalty and their money. Furthermore, he would be able to guard himself more thoroughly in any contingency against the onslaughts of his enemies.

Should the issue ever be drawn, should the last fight ever be fought, John D. Rockefeller would have less chance against a Morgan company than against the man J. P. Morgan. Besides, corporations never die, and the friends of Morgan, one of the most robust of men, promising the most extraordinary longevity, are inclined to think that it were wiser for the law to perpetuate the tremendous enterprises of which he is the head rather than risk them to fate and accident, such as may come to any man.

It is argued by Wall street men that with a charter of general powers the Morgan company would have even a greater capacity than now belongs to the group of men of whom Morgan is the center. Morgan has taken into partnership many of his lieutenants, like George W. Perkins, one of the vice presidents of the New York Life Insurance company. Under corporate form he could take in many more, and in the matter of capital it would be expanded as occasion required to any sum.

Wall street is intensely interested in the almost daily alignment of forces in the struggle between the Morganbund and the Rockefeller clique for the chiefship of the financial field. They are busy counting up the resources of the respective sides and trying to figure out who on a mere show of wealth would win. In this connection a prominent Wall street banker, who for reasons of policy does not wish his name mentioned, made a startling statement regarding the resources of John D. Rockefeller the other day. He is in a position, by reason of close business relationship, to know of what he speaks. He said:

"I have read the recent Wall street articles in The Journal regarding the rivalry between the Morgan and Rockefeller interests. I think the articles have described the situation pretty accurately, but of one thing I am certain—The Journal has underestimated the wealth of John D. Rockefeller. I have never seen a newspaper statement that approximated it. Instead of their figures I should say Mr. Rockefeller is worth little less than a thousand millions today."

"Take his holdings in Standard Oil alone. They have been worth during the present year more than \$300,000,000. But it must be remembered that Mr. Rockefeller, who squanders less than most rich men on his personal wants, has been growing rich at the rate of compound interest."

"I don't think any man will deny that Mr. Rockefeller has made an average of \$30,000,000 a year for ten years. The reinvestment of this sum alone, supposing he had no principal, at 5 per cent compound interest would mean the addition of more than \$400,000,000 to his riches."

"But the securities from which this income has been derived have steadily increased in value. His Standard Oil holdings in three or four years have doubled in market value, his railway and other securities have advanced tremendously, and in the past three years his wealth has increased in a sum which would astonish the American people if the actual figures were laid before them. There are few first class railroads in which he does not own some of the stock; there are few trusts in which he has not been compelled to reinvest his constantly increasing income. At the present quotations for securities it is impossible that he should be worth much less than a thousand million dollars."

"As for the rivalry between Morgan and Rockefeller, as they are the two men who control the most money in America I think this rivalry is natural. As yet, however, I think it is without hostility. Both men are interested in many of the same enterprises. Certainly I believe that the only man in a financial sense to whom Mr. Morgan takes off his hat is John D. Rockefeller. The same, observant man well knows the silent latent power of his vast millions, and I should say that at the present time it would be a risky venture for Mr. Morgan or any other person on earth to wage financial war against John D. Rockefeller and his billion."

## EXCESSIVE LOANS THE CAUSE.

First National Bank of Austin, Tex., Closed by Federal Inspector.

Austin, Tex., Aug. 5.—Federal Bank Inspector J. M. Logan has closed the First National bank of this city and posted a notice on the doors that it would not be open to business pending the arrival of the chief inspector. Alleged excessive loans are said to have caused the inspector to take this action. The state of Texas is said to have had some \$10,000 on deposit in the First National, though the exact amount is unknown. Total deposits are reported to be over \$500,000. No official statement will be issued pending the arrival of the chief inspector.

#### MICHAEL DAVITT ARRIVES.

Irish Nationalist on a Visit to the United States.

New York, Aug. 5.—Michael Davitt, the Irish Nationalist who resigned his seat in the British parliament some time ago as a protest against the Boer war, arrived here during the day on the St. Paul from Southampton. He was met at the North River pier by a delegation from the United Irish Society and Colonel Roger T. Scannell, treasurer, and John O. Callaghan, secretary, of the United Irish League of Boston, who extended an invitation to Mr. Davitt to visit that city before he returns home.

#### Propose a General Strike.

St. Etienne, Aug. 5.—The National Miners' Federation has sent a circular to all its members proposing a general strike in France for Nov. 1 unless the government and the mining companies shall have previously given the miners satisfaction in regard to the proposals for eight hours' work per day and a pension of two francs per day after 25 years' work.

#### Died of Hydrophobia.

Gainesville, Ga., Aug. 5.—Mrs. Dick Chatham died at her home in this city of hydrophobia. She was bitten by a mad dog several days ago. She suffered intensely until death relieved her. Her daughter was bitten by the same pet dog at the same time and it is feared that she too will have hydrophobia.

#### TELEGRAPHIC BREVITIES.

Rain fell in St. Louis Sunday, the first since July 5.

The Columbia defeated the Independence again Saturday in a 30-mile race.

The United States cruiser Chicago has sailed from Gibraltar for Southampton, where she will go into dry dock.

Ex-Speaker Reed characterizes as absurd the report that he has been mentioned as a candidate for mayor of New York.

It is asserted in Berlin that the stathalter of Alsace-Lorraine, Prince von Hohenlohe-Langenburg, will be succeeded by Count von Waldersee.

#### HER CONDITION CRITICAL.

Emperor William Hastening to the Bedside of His Mother.

Hamburg, Aug. 5.—The empress, Crown Prince Frederick William, Prince Eitel Frederick and Prince August William have arrived at Cronberg, where the Dowager Empress Frederick is lying dangerously ill. Other royal personages who have arrived are Prince Adolf of Schaumburg-Lippe, Prince and Princess Friedrich Carl of Hesse and the Crown Prince and Princess of Greece. Emperor William has not yet arrived at Cronberg. He is expected in a few hours. Professor Renvers, the specialist, wired his majesty to come in all haste. The following bulletin concerning the condition of the illustrious patient was issued during the afternoon:

"The external disease from which her majesty is suffering and which for years has been slowly increasing has in the course of the last few weeks extended to the internal organs. Her majesty's strength is diminishing rapidly owing to inability to take sufficient nourishment. She is conscious and at the present without pain."

#### King Edward on the Way.

London, Aug. 5.—King Edward, who has been staying at Cowes, has arranged to leave Portsmouth at 3 a. m. by special train, which is due to arrive in London at 5 a. m. He will proceed immediately from London by special train and boat via Flushing to the bedside of his sister. It is not yet known whether Queen Alexandra will accompany him. The Duke of Cambridge is already in Cronberg.

#### STRUCK A ROCK.

British Torpedo Boat Destroyer Vixen a Total Wreck.

London, Aug. 5.—The British torpedo boat destroyer Viper struck a rock off the island of Alderney, in the English channel, and is a total wreck. There was no loss of life.

The Viper was the only vessel in the British navy fitted with turbine engines. During her speed trials in May and June she attained 39 1/2 knots and was pronounced capable of doing 31 knots. At that time she was handled by an inexperienced crew and her builders believed she would yet attain 34 knots.

#### Blount Stricken With Paralysis.

Macon, Ga., Aug. 5.—News has been received in this city that ex-Congressman James H. Blount, who was sent to Hawaii by President Cleveland as commissioner paramount at the time of the revolution in the islands, has suffered a stroke of paralysis and is in a critical condition at his country home near here.

## THE STATE FAIR

MINNESOTA'S EXPOSITION THIS YEAR WILL ECLIPSE ALL PREVIOUS DISPLAYS.

Many Evidences of Growth Apparent in New Buildings and Other Improvements—September 2 to 7, inclusive, the Dates for the Big Event.

Most characteristic of all the advance news about the Minnesota State Fair are those items which go to show the wonderful growth of the institution. The Minnesota fair has, in fact, outgrown its position as a "state" fair. It is now a Northwestern exposition and a national live stock exhibit. In this character it is not surprising that it needs more room in every department and that the reports of managers' meetings are filled with the endeavors of the officials to find space for the would-be exhibitors and to provide accommodations for the great crowds which will undoubtedly be present.

Last year's fair was a "record-breaker" in every department; this year's fair promises to so far eclipse that of 1900 as to make it seem a trifling occasion. The management has secured attractions of the highest character and as part of the exhibits will have such a display of live stock as to fairly set in the shade the grand live stock exhibit made in Chicago last winter.

### Roosevelt to Be There.

The fair managers made their first hit by inviting Vice President Theodore Roosevelt to open the fair. The invitation went first, informally, through Thomas H. Shevlin of Minneapolis, vice president of the fair, and after the formal invitation of the board, Mr. Roosevelt accepted in an autograph letter. He is to address the crowd from the grand stand on Monday morning, Sept. 2, at 11 o'clock, formally opening the fair, and he will later hold an informal reception and be the guest of the officers of the fair and various notables at luncheon. In the afternoon he will review the exhibits.

### A National Live Stock Exhibit.

National exhibitions by the American Shorthorn Breeders' association and the American Hereford Breeders' association in addition to the usual large exhibit of cattle of all breeds will draw to the Minnesota State Fair of 1901 a collection of live stock which will form the largest exhibit of its class ever made, even eclipsing the Chicago exhibit of last year. It will be the event of the year for farmers, breeders and all people interested in the diversification of Western farm industries.

The fair management has joined with the breeders' association in offering increased premiums in both these classes of live stock and the premiums have been enlarged in other departments wherever possible.

### Auction Sales of Blooded Cattle.

On certain days of the fair there will be auctions without reserve of many head of fine Shorthorns and Herefords. This will give farmers and breeders an excellent opportunity to improve their herds.

### Making Room for the Show.

Every department of the fair is feeling the influence of the live stock exhibitions and the other great drawing cards which the managers have arranged. To accommodate a very persistent demand for space for exhibiting a process of expansion is going on this summer on the grounds.

Most conspicuous among the new buildings is the Agricultural Hall, which was erected with an appropriation of \$25,000 made by the state legislature last winter. This building is 260x240 feet in size and of very fine architectural appearance. It is designed by C. R. Aldrich, the architect of many of the university and college of agriculture buildings. It is now the most prominent building on the grounds and the one which will be naturally entered first by visitors. It will contain the exhibits of the horticultural and agricultural departments.

### Other Evidences of Growth.

The old Horticultural building will be used this year to accommodate the carriage department and the old carriage building will be given up to farm implement exhibitors. Several new buildings will be erected by farm machinery manufacturers and some may have to be housed in tents. Another temporary stock barn has been built to take care of the overflow caused by the presence of the big national cattle shows. The grand stand is enlarged by the addition of 2,000 bleacher seats. A new toilet building of generous dimensions and modern accommodations will be an appreciated feature. Several of the concessionaries will have attractive new buildings and the Minneapolis Journal will erect a substantial and handsome structure. The government of the United States will establish a postoffice on the grounds and for its use the fair will supply a building of suitable size.

### Prizes and Premiums.

Early in the season the fair officers revised the premium list, making extensive additions and increasing the amounts in many cases. These liberal offers have been supplemented in many instances by offers from individuals or firms interested in the success of the fair. In the cattle department, especially in Shorthorns, Herefords and Aberdeen-Angus cattle, the combined offers of the fairs and the breeders' associations make the pre-

miums worth the utmost endeavors of the exhibitors.

In all some \$40,000 in prizes and premiums are offered by the fair management.

### The Amusement Side of the Fair.

People go to the state fair to be amused as well as to study. One of the chief means of amusement at a fair is found in the race track. At the Minnesota fair the races are under the best conditions—they are simply trials of speed without any objectionable features. As the purses are large and the reputation of the fair the best, the list of entries is found to excel last year's fine line of horses.

It should be remembered that there are fast races on every day of the fair—Monday and Saturday included—and that none of the races is for less than \$1,000, while the big trot on Minneapolis day and the pace on St. Paul day are each for \$5,000.

Pool selling is prohibited at the fair grounds. The races are clean; and the track is one of the fastest in the country.

### Evening Entertainments.

Besides the races there are specialty entertainments in front of the grand stand every afternoon of fair week. These specialties, with variations, will be shown each evening under electric light. So it will be possible for a visitor to enter the grounds early in the forenoon and stay till the evening performance is over. The evening amusements will include racing by electric light, hurdle races, chariot races, standing races, women's races, monkey races, riderless horse races, exhibitions on the rolling sphere by the famous equilibrist, Lionel Legare, aerial exhibitions by the renowned Pickett family—and lastly, a magnificent spectacular pyrotechnic drama, put on by the famed fireworks makers, the Pains, of Chicago.

### State Fish Exhibit.

With the co-operation of the state game and fish commission and the fair management, an exhibit of the fish of Minnesota will be made. Every known variety of native fish will be shown in capacious tanks. Not only will the full grown specimens be displayed, but the fry and the yearlings will be shown so that visitors may study the development of the fish.

### Attractions Galore.

The foregoing are but a few of the attractions of the fair. The exhibits in the main exposition building are to be greatly improved in character this year. The dairy building was overflowing—all space assigned—before Aug. 1. The poultry department will have a larger and better display than ever. The woman's building is one of the most attractive on the grounds. Liberal premiums are offered, and the best specimens of textile and fine art work will be on exhibition. The state federation of women's clubs will maintain headquarters upon the grounds during the fair. The rooms will be kept open for use of women, whether members or not, and all are cordially invited to make the place headquarters while visiting the state fair. Special exercises will be held daily during the week, at which topics of general interest will be considered.

It is believed that the farm implement and machinery exhibit will be the largest and most complete ever seen at any state fair.

### Best in the Union.

"But few human undertakings better deserve the title 'ideal' than has this great agricultural exposition during late years," says "Farm, Stock and Home." "It is acknowledged to be 'the best in the union,' which is equivalent to saying that it has no superior anywhere, and to be superior comes most pleasingly near being 'ideal.' The high character of this exposition is yet unknown to too many citizens of Minnesota and sister states, and this is written that many more may know it; and when they realize what it is they will surely let no ordinary barrier keep them from seeing with their own eyes and understanding with their own judgment what a state fair par excellence looks like and is."

### Canada Eclipsed Too.

Not only does the Minnesota fair lead in the states, but it has gone ahead of the great Canadian fair, which has always been held up as a model of what a fair should be. Up to 1900 the great Canadian fair at Toronto was the largest fair in America. Last year the Canucks were rather surprised to find that the Minnesota fair had exceeded their largest gate receipts and was putting up a better exhibition in many ways.

### Visitors Well Cared For.

Minneapolis and St. Paul are cities full of people adept in entertaining. They will look well to the interests of the people who visit the state fair during the first week in September. At the fair grounds the managers are ever alert to see that people are taken care of. Many conveniences are being added this year for the comfort of visitors—telephones, postoffice, drinking fountains, park benches on the grounds, etc. The grounds are well policed and sanitation is carefully looked after.

Exhibitors have the best of treatment. The Minnesota fair is noted for paying its premiums promptly. The judges are men of the highest standing. Every thing is done "decently and in order."

### Half-Fare Rates on the Railroads.

Every railroad running into Minneapolis has joined in making a rate of one fare for the round trip for the week of Sept. 2-7. These rates apply from all points within 200 miles of the Twin Cities, but are extended to 300 west, so as to include almost all of North and South Dakota.

## OIL KING'S VAST RICHES

John D. Rockefeller to Be a Billionaire.

MADE \$300,000,000 IN TEN YEARS.

Morgan in Opposing This Enormous Accumulation Would Be Doing a "Risky Thing," Declares a Prominent Wall Street Banker—Rivalry of Giants Is but Natural, He Says.

A generally believed report in connection with the rivalry between J. Pierpont Morgan and John D. Rockefeller for the financial mastery of the new world is that Mr. Morgan will turn his banking business into a corporation, says the New York Journal. Rich individuals, having established highly successful banking and trust companies, have before this converted their firms into stock companies, retaining control. At the same time they have lessened individual liability and greatly increased the scope of their powers.

Those who know Mr. Morgan are emphatic in saying that if J. P. Morgan & Co. were made, say, the Morgan company, it would certainly be for the purpose of increasing power rather than for lessening individual liability. By this means Mr. Morgan could draw to himself both the pledge and capital of his friends, at the same time increasing his command of their loyalty and their money. Furthermore, he would be able to guard himself more thoroughly in any contingency against the onslaughts of his enemies.

Should the issue ever be drawn, should the last fight ever be fought, John D. Rockefeller would have less chance against a Morgan company than against the man J. P. Morgan. Besides, corporations never die, and the friends of Morgan, one of the most robust of men, promising the most extraordinary longevity, are inclined to think that it were wiser for the law to perpetuate the tremendous enterprises of which he is the head rather than risk them to fate and accident, such as may come to any man.

It is argued by Wall street men that with a charter of general powers the Morgan company would have even a greater capacity than now belongs to the group of men of whom Morgan is the center. Morgan has taken into partnership many of his lieutenants, like George W. Perkins, one of the vice presidents of the New York Life Insurance company. Under corporate form he could take in many more, and in the matter of capital it would be expanded as occasion required to any sum.

Wall street is intensely interested in the almost daily alignment of forces in the struggle between the Morganbund and the Rockefeller clique for the chieftainship of the financial field. They are busy counting up the resources of the respective sides and trying to figure out who on a mere show of wealth would win. In this connection a prominent Wall street banker, who for reasons of policy does not wish his name mentioned, made a startling statement regarding the resources of John D. Rockefeller the other day. He is in a position, by reason of close business relationship, to know of what he speaks. He said:

"I have read the recent Wall street articles in The Journal regarding the rivalry between the Morgan and Rockefeller interests. I think the articles have described the situation pretty accurately, but of one thing I am certain—The Journal has underestimated the wealth of John D. Rockefeller. I have never seen a newspaper statement that approximated it. Instead of their figures I should say Mr. Rockefeller is worth little less than a thousand millions today."

"Take his holdings in Standard Oil alone. They have been worth during the present year more than \$300,000,000. But it must be remembered that Mr. Rockefeller, who squanders less than most rich men on his personal wants, has been growing rich at the rate of compound interest."

"I don't think any man will deny that Mr. Rockefeller has made an average of \$30,000,000 a year for ten years. The reinvestment of this sum alone, supposing he had no principal, at 5 per cent compound interest would mean the addition of more than \$400,000,000 to his riches."

"But the securities from which this income has been derived have steadily increased in value. His Standard Oil holdings in three or four years have doubled in market value, his railway and other securities have advanced tremendously, and in the past three years his wealth has increased in a sum which would astonish the American people if the actual figures were laid before them. There are few first class railroads in which he does not own some of the stock; there are few trusts in which he has not been compelled to reinvest his constantly increasing income. At the present quotations for securities it is impossible that he should be worth much less than a thousand million dollars."

"As for the rivalry between Morgan and Rockefeller, as they are the two men who control the most money in America I think this rivalry is natural. As yet, however, I think it is without hostility. The Columbia defeated the Independence again Saturday in a 30-mile race.

The United States cruiser Chicago has sailed from Gibraltar for Southampton, where she will go into dry dock.

Ex-Speaker Reed characterizes as absurd the report that he has been mentioned as a candidate for mayor of New York.

It is asserted in Berlin that the stathalter of Alsace-Lorraine, Prince von Hohenlohe-Langenburg, will be succeeded by Count von Waldersee.

### HER CONDITION CRITICAL.

Emperor William Hastening to the Bedside of His Mother.

Hamburg, Aug. 5.—The empress, Crown Prince Frederick William, Prince Eitel Frederick and Prince August William have arrived at Cronberg, where the Dowager Empress Frederick is lying dangerously ill. Other royal personages who have arrived are Prince Adolf of Schaumburg-Lippe, Prince and Princess Friedrich Carl of Hesse and the Crown Prince and Princess of Greece. Emperor William has not yet arrived at Cronberg. He is expected in a few hours. Professor Renvers, the specialist, wired his majesty to come in all haste. The following bulletin concerning the condition of the illustrious patient was issued during the afternoon:

"The external disease from which her majesty is suffering and which for years has been slowly increasing has in the course of the last few weeks extended to the internal organs. Her majesty's strength is diminishing rapidly owing to inability to take sufficient nourishment. She is conscious and at the present without pain."

### King Edward on the Way.

London, Aug. 5.—King Edward, who has been staying at Cowes, has arranged to leave Portsmouth at 3 a. m. by special train, which is due to arrive in London at 5 a. m. He will proceed immediately from London by special train and boat via Flushing to the bedside of his sister. It is not yet known whether Queen Alexandra will accompany him. The Duke of Cambridge is already in Cronberg.

### STRUCK A ROCK.

British Torpedo Boat Destroyer Vixen a Total Wreck.

London, Aug. 5.—The British torpedo boat destroyer Viper struck a rock off the island of Alderney, in the English channel, and is a total wreck. There was no loss of life.

The Viper was the only vessel in the British navy fitted with turbine engines. During her speed trials in May and June she attained 30 1-2 knots and was pronounced capable of doing 31 knots. At that time she was handled by an inexperienced crew and her builders believed she would yet attain 34 knots.

### Blount Stricken With Paralysis.

Macon, Ga., Aug. 5.—News has been received in this city that ex-Congressman James H. Blount, who was sent to Hawaii by President Cleveland as commissioner paramount at the time of the revolution in the islands, has suffered a stroke of paralysis and is in a critical condition at his country home near here.

## THE STATE FAIR

MINNESOTA'S EXPOSITION THIS YEAR WILL ECLIPSE ALL PREVIOUS DISPLAYS.

Many Evidences of Growth Apparent in New Buildings and Other Improvements—September 2 to 7, inclusive, the Dates for the Big Event.

Most characteristic of all the advance news about the Minnesota State Fair are those items which go to show the wonderful growth of the institution. The Minnesota fair has, in fact, outgrown its position as a "state" fair. It is now a Northwestern exposition and a national live stock exhibit. In this character it is not surprising that it needs more room in every department and that the reports of managers' meetings are filled with the endeavors of the officials to find space for the would-be exhibitors and to provide accommodations for the great crowds which will undoubtedly be present.

Last year's fair was a "record-breaker" in every department; this year's fair promises to so far eclipse that of 1909 as to make it seem a trifling occasion. The management has secured attractions of the highest character and as part of the exhibits will have such a display of live stock as to fairly set in the shade the grand live stock exhibit made in Chicago last winter.

**Roosevelt to Be There.**

The fair managers made their first hit by inviting Vice President Theodore Roosevelt to open the fair. The invitation went first, informally, through Thomas H. Shevlin of Minneapolis, vice president of the fair, and after the formal invitation of the board, Mr. Roosevelt accepted in an autograph letter. He is to address the crowd from the grand stand on Monday morning, Sept. 2, at 11 o'clock, formally opening the fair, and he will later hold an informal reception and be the guest of the officers of the fair and various notables at luncheon. In the afternoon he will review the exhibits.

**A National Live Stock Exhibit.**

National exhibitions by the American Shorthorn Breeders' association and the American Hereford Breeders' association in addition to the usual large exhibit of cattle of all breeds will draw to the Minnesota State Fair of 1901 a collection of live stock which will form the largest exhibit of its class ever made, even eclipsing the Chicago exhibit of last year. It will be the event of the year for farmers, breeders and all people interested in the diversification of Western farm industries.

The fair management has joined with the breeders' association in offering increased premiums in both these classes of live stock and the premiums have been enlarged in other departments wherever possible.

**Auction Sales of Blooded Cattle.**

On certain days of the fair there will be auctions without reserve of many head of fine Shorthorns and Herefords. This will give farmers and breeders an excellent opportunity to improve their herds.

**Making Room for the Show.**

Every department of the fair is feeling the influence of the live stock exhibitions and the other great drawing cards which the managers have arranged. To accommodate a very persistent demand for space for exhibiting a process of expansion is going on this summer on the grounds.

Most conspicuous among the new buildings is the Agricultural Hall, which was erected with an appropriation of \$25,000 made by the state legislature last winter. This building is 260x240 feet in size and of very fine architectural appearance. It is designed by C. R. Aldrich, the architect of many of the university and college of agriculture buildings. It is now the most prominent building on the grounds and the one which will be naturally entered first by visitors. It will contain the exhibits of the horticultural and agricultural departments.

**Other Evidences of Growth.**

The old Horticultural building will be used this year to accommodate the carriage department and the old carriage building will be given up to farm implement exhibitors. Several new buildings will be erected by farm machinery manufacturers and some may have to be housed in tents. Another temporary stock barn has been built to take care of the overflow caused by the presence of the big national cattle shows. The grand stand is enlarged by the addition of 2,000 bleacher seats. A new toilet building of generous dimensions and modern accommodations will be an appreciated feature. Several of the concessionaries will have attractive new buildings and the Minneapolis Journal will erect a substantial and handsome structure. The government of the United States will establish a postoffice on the grounds and for its use the fair will supply a building of suitable size.

**Prizes and Premiums.**

Early in the season the fair officers revised the premium list, making extensive additions and increasing the amounts in many cases. These liberal offers have been supplemented in many instances by offers from individuals or firms interested in the success of the fair. In the cattle department, especially in Shorthorns, Herefords and Aberdeen-Angus cattle, the combined offers of the fairs and the breeders' associations make the premiums worth the utmost endeavors of the exhibitors.

In all some \$40,000 in prizes and premiums are offered by the fair management.

**The Amusement Side of the Fair.**

People go to the state fair to be amused as well as to study. One of the chief means of amusement at a fair is found in the race track. At the Minnesota fair the races are under the best conditions—they are simply trials of speed without any objectionable features. As the purses are large and the reputation of the fair the best, the list of entries is found to excel last year's fine line of horses.

It should be remembered that there are fast races on every day of the fair—Monday and Saturday included—and that none of the races is for less than \$1,000, while the big trot on Minneapolis day and the pace on St. Paul day are each for \$5,000.

Pool selling is prohibited at the fair grounds. The races are clean; and the track is one of the fastest in the country.

**Evening Entertainments.**

Besides the races there are specialty entertainments in front of the grand stand every afternoon of fair week. These specialties, with variations, will be shown each evening under electric light. So it will be possible for a visitor to enter the grounds early in the forenoon and stay till the evening performance is over. The evening amusements will include racing by electric light, hurdle races, chariot races, standing races, women's races, monkey races, riderless horse races, exhibitions on the rolling sphere by the famous equilibrist, Lionel Legare, aerial exhibitions by the renowned Pickett family—and lastly, a magnificent spectacular pyrotechnic drama, put on by the famed fireworks makers, the Palms, of Chicago.

**State Fish Exhibit.**

With the co-operation of the state game and fish commission and the fair management, an exhibit of the fish of Minnesota will be made. Every known variety of native fish will be shown in capacious tanks. Not only will the full grown specimens be displayed, but the fry and the yearlings will be shown so that visitors may study the development of the fish.

**Attractions Galore.**

The foregoing are but a few of the attractions of the fair. The exhibits in the main exposition building are to be greatly improved in character this year. The dairy building was overflowing—all space assigned—before Aug. 1. The poultry department will have a larger and better display than ever. The woman's building is one of the most attractive on the grounds. Liberal premiums are offered, and the best specimens of textile and fine art work will be on exhibition. The state federation of woman's clubs will maintain headquarters upon the grounds during the fair. The rooms will be kept open for use of women, whether members or not, and all are cordially invited to make the place headquarters while visiting the state fair. Special exercises will be held daily during the week, at which topics of general interest will be considered.

It is believed that the farm implement and machinery exhibit will be the largest and most complete ever seen at any state fair.

**Best in the Union.**

"But few human undertakings better deserve the title 'ideal' than has this great agricultural exposition during late years," says "Farm, Stock and Home." "It is acknowledged to be 'the best in the union,' which is equivalent to saying that it has no superior anywhere, and to be superior comes most pleasingly near being 'ideal.' The high character of this exposition is yet unknown to too many citizens of Minnesota and sister states, and this is written that many more may know it; and when they realize what it is they will surely let no ordinary barrier keep them from seeing with their own eyes and understanding with their own judgment what a state fair par excellence looks like and is."

**Canada Eclipsed Too.**

Not only does the Minnesota fair lead in the states, but it has gone ahead of the great Canadian fair, which has always been held up as a model of what a fair should be. Up to 1900 the great Canadian fair at Toronto was the largest fair in America. Last year the Canucks were rather surprised to find that the Minnesota fair had exceeded their largest gate receipts and was putting up a better exhibition in many ways.

**Visitors Well Cared For.**

Minneapolis and St. Paul are cities full of people adept in entertaining. They will look well to the interests of the people who visit the state fair during the first week in September. At the fair grounds the managers are ever alert to see that people are taken care of. Many conveniences are being added this year for the comfort of visitors—telephones, postoffice, drinking fountains, park benches on the grounds, etc. The grounds are well policed and sanitation is carefully looked after.

Exhibitors have the best of treatment. The Minnesota fair is noted for paying its premiums promptly. The judges are men of the highest standing. Every thing is done "decently and in order."

**Half-Fare Rates on the Railroads.**

Every railroad running into Minneapolis has joined in making a rate of one fare for the round trip for the week of Sept. 2-7. These rates apply from all points within 200 miles of the Twin Cities, but are extended to 300 west, so as to include almost all of North and South Dakota.

## OIL KING'S VAST RICHES

John D. Rockefeller to Be a Billionaire.

MADE \$300,000,000 IN TEN YEARS.

Morgan in Opposing This Enormous Accumulation Would Be Doing a "Risky Thing," Declares a Prominent Wall Street Banker—Rivalry of Giants is but Natural, He Says.

A generally believed report in connection with the rivalry between J. Pierpont Morgan and John D. Rockefeller for the financial mastery of the new world is that Mr. Morgan will turn his banking business into a corporation, says the New York Journal. Rich individuals, having established highly successful banking and trust companies, have before this converted their firms into stock companies, retaining control. At the same time they have lessened individual liability and greatly increased the scope of their powers.

Those who know Mr. Morgan are emphatic in saying that if J. P. Morgan & Co. were made, say, the Morgan company, it would certainly be for the purpose of increasing power rather than for lessening individual liability. By this means Mr. Morgan could draw to himself both the pledge and capital of his friends, at the same time increasing his command of their loyalty and their money. Furthermore, he would be able to guard himself more thoroughly in any contingency against the onslaughts of his enemies.

Should the issue ever be drawn, should the last fight ever be fought, John D. Rockefeller would have less chance against a Morgan company than against the man J. P. Morgan. Besides, corporations never die, and the friends of Morgan, one of the most robust of men, promising the most extraordinary longevity, are inclined to think that it were wiser for the law to perpetuate the tremendous enterprises of which he is the head rather than risk them to fate and accident, such as may come to any man.

It is argued by Wall street men that with a charter of general powers the Morgan company would have even a greater capacity than now belongs to the group of men of whom Morgan is the center. Morgan has taken into partnership many of his lieutenants, like George W. Perkins, one of the vice presidents of the New York Life Insurance company. Under corporate form he could take in many more, and in the matter of capital it would be expanded as occasion required to any sum.

Wall street is intensely interested in the almost daily alignment of forces in the struggle between the Morganbund and the Rockefeller clique for the chiefship of the financial field. They are busy counting up the resources of the respective sides and trying to figure out who on a mere show of wealth would win. In this connection a prominent Wall street banker, who for reasons of policy does not wish his name mentioned, made a startling statement regarding the resources of John D. Rockefeller the other day. He is in a position, by reason of close business relationship, to know of what he speaks. He said:

"I have read the recent Wall street articles in The Journal regarding the rivalry between the Morgan and Rockefeller interests. I think the articles have described the situation pretty accurately, but of one thing I am certain—The Journal has underestimated the wealth of John D. Rockefeller. I have never seen a newspaper statement that approximated it. Instead of their figures I should say Mr. Rockefeller is worth little less than a thousand millions today."

"Take his holdings in Standard Oil alone. They have been worth during the present year more than \$300,000,000. But it must be remembered that Mr. Rockefeller, who squanders less than most rich men on his personal wants, has been growing rich at the rate of compound interest."

"I don't think any man will deny that Mr. Rockefeller has made an average of \$30,000,000 a year for ten years. The reinvestment of this sum alone, supposing he had no principal, at 5 per cent compound interest would mean the addition of more than \$400,000,000 to his riches."

"But the securities from which this income has been derived have steadily increased in value. His Standard Oil holdings in three or four years have doubled in market value, his railway and other securities have advanced tremendously, and in the past three years his wealth has increased in a sum which would astonish the American people if the actual figures were laid before them. There are few first class railroads in which he does not own some of the stock; there are few trusts in which he has not been compelled to reinvest his constantly increasing income. At the present quotations for securities it is impossible that he should be worth much less than a thousand million dollars."

"As for the rivalry between Morgan and Rockefeller, as they are the two men who control the most money in America I think this rivalry is natural. As yet, however, I think it is without hostility. Both men are interested in many of the same enterprises. Certainly I believe that the only man in a financial sense to whom Mr. Morgan takes off his hat is John D. Rockefeller. The sane, observant man well knows the silent latent power of his vast millions, and I should say that at the present time it would be a risky venture for Mr. Morgan or any other person on earth to wage financial war against John D. Rockefeller and his billion."

## EXCESSIVE LOANS THE CAUSE.

First National Bank of Austin, Tex., Closed by Federal Inspector. Austin, Tex., Aug. 5.—Federal Bank Inspector J. M. Logan has closed the First National bank of this city and posted a notice on the doors that it would not be open to business pending the arrival of the chief inspector. Alleged excessive loans are said to have caused the inspector to take this action. The state of Texas is said to have had some \$1,000,000 on deposit in the First National, though the exact amount is unknown. Total deposits are reported to be over \$500,000. No official statement will be issued pending the arrival of the chief inspector.

**MICHAEL DAVITT ARRIVES.**

Irish Nationalist on a Visit to the United States.

New York, Aug. 5.—Michael Davitt, the Irish Nationalist who resigned his seat in the British parliament some time ago as a protest against the Boer war, arrived here during the day on the St. Paul from Southampton. He was met at the North River pier by a delegation from the United Irish Society and Colonel Roger T. Scannell, treasurer, and John O. Callaghan, secretary, of the United Irish League of Boston, who extended an invitation to Mr. Davitt to visit that city before he returns home.

**Propose a General Strike.**

St. Etienne, Aug. 5.—The National Miners' Federation has sent a circular to all its members proposing a general strike in France for Nov. 1 unless the government and the mining companies shall have previously given the miners satisfaction in regard to the proposals for eight hours' work per day and a pension of two francs per day after 25 years' work.

**Died of Hydrophobia.**

Gainesville, Ga., Aug. 5.—Mrs. Dick Chatham died at her home in this city of hydrophobia. She was bitten by a mad dog several days ago. She suffered intensely until death relieved her. Her daughter was bitten by the same pet dog at the same time and it is feared that she too will have hydrophobia.

**TELEGRAPHIC BREVITIES.**

Rain fell in St. Louis Sunday, the first since July 5.

The Columbia defeated the Independence again Saturday in a 30-mile race.

The United States cruiser Chicago has sailed from Gibraltar for Southampton, where she will go into dry dock.

Ex-Speaker Reed characterizes as absurd the report that he has been mentioned as a candidate for mayor of New York.

It is asserted in Berlin that the stathalter of Alsace-Lorraine, Prince von Hohenlohe-Langenbourg, will be succeeded by Count von Waldersee.
